Located in Anaheim, Visage Laser & Skin Care offers cutting-edge treatments that include Titan laser rejuvenation therapy, which lifts jowls, neck, cheeks, and forehead without the need for surgery or downtime. Another groundbreaking service, Ultherapy, utilizes ultrasound heat to naturally lift and tighten skin. Dr. Tesmer is committed to exploring innovative techniques that empower her patients to maintain healthy skin and achieve their aesthetic goals.

Dr. Tesmer is not just a skincare expert; she also serves as the Medical Director for the Neonatal Intensive Care Unit (NICU) at Orange County Global Medical Center. Her leadership roles extend to being a Senior Partner at CHOC-PSF, Chair of the Department of Pediatrics at OCGMC, and a Board member for the March of Dimes in Orange County. Additionally, she holds the position of Secretary of the Children's Medical Care Foundation, supporting neonatal care in Eastern Europe.

Born and raised in Warsaw, Poland, her journey to success is nothing short of remarkable. After escaping political persecution and seeking asylum in Italy, she arrived in the United States in 1987, determined to pursue her dreams of helping children in need. She completed her Neonatology Fellowship at Children's Hospital Los Angeles and her Pediatrics Residency at White Memorial Medical Center in East LA.

Utilizing her intensive care experience, Dr. Tesmer has pioneered what she calls "intensive skincare." Her philosophy is simple yet profound: "If I can save a failing heart of a baby, surely, I can save your skin." Guided by the mentorship of renowned figures like Dr. Eliot Battle Jr. and Dr. Mauricio de Maio, she continues to push the boundaries of aesthetic medicine.

Every January 9th, Dr. Tesmer and her family celebrate their journey to America, a testament to resilience and the pursuit of a better life.
