

Laury A. Cuddihy, MD, Leading Spine Surgeon in NY & NJ, Specializes in Anterior Scoliosis Correction Procedures

Transforming Lives by Correcting Spinal Deformities, Alleviating Pain, and Enhancing Mobility for Optimal Well-Being and Recovery

New York City, New York Aug 2, 2024 ([IssueWire.com](https://www.issuewire.com)) - Dr. Laury A. Cuddihy, a distinguished member of the Institute for Spine and Scoliosis, PA, is making waves in the field of spine surgery as a primary surgical assistant to Dr. Antonacci. With a focus on providing top-tier surgical care at prestigious medical centers, including the Mount Sinai Medical Center in New York City, Penn Medicine Princeton Medical Center, and Saint Peter's University Hospital, she is transforming the landscape of scoliosis treatment.

Dr. Cuddihy's collaboration with Dr. Antonacci underscores a commitment to unparalleled patient care. As the first surgical assistant, she brings a level of expertise that sets a new standard in surgical precision and quality. This dedication ensures that patients receive the highest level of care without compromise.

A graduate of the Albert Einstein College of Medicine/Yeshiva University, Dr. Cuddihy completed her residency in orthopedic surgery at Albert Einstein College of Medicine/Montefiore Medical Center. Her specialization in spine surgery and fellowship training in treating complex scoliosis and spinal deformities have solidified her reputation as a seasoned professional in the field.

Dr. Cuddihy's approach goes beyond surgical skill; she acts as a steadfast support system for her patients, guiding them through every step of the treatment process. By leveraging her deep understanding of scoliosis surgery, she provides comprehensive care that prioritizes patient comfort and confidence.

Through her collaboration with leading experts, Dr. Cuddihy has enhanced minimally invasive techniques for scoliosis correction, optimizing patient outcomes and recovery times. Her commitment to ongoing support and continuous learning ensures that patients receive the best possible care from consultation to recovery.

With a focus on improving patients' quality of life, Dr. Cuddihy's expertise and compassionate approach make her a trusted ally in the journey toward better health. Her involvement in research and contributions to prestigious medical societies, including the Society for Minimally Invasive Spine Surgery, the International Meeting on Advanced Spine Techniques (IMAST) in Copenhagen, the North American Spine Society, the medical journal SPINE, and the Scoliosis Research Society in Kyoto, Japan, highlight her dedication to advancing the field of spine surgery.

For patients seeking exceptional care and transformative results, Dr. Laury A. Cuddihy stands as a beacon of excellence in Anterior Scoliosis Correction (ASC) spine surgery. With a commitment to personalized, high-quality treatment, Dr. Cuddihy is redefining the standard of care in scoliosis surgery, ensuring that every patient receives the best possible outcome.
