

New Kickstarter Campaign Launches for “100 Alien Encounters That Will Make You Believe” by Alien Analysts

Explore the unknown with this new project featuring a collection of the most credible alien encounters, available as an interactive eBook, hardcover, and an exclusive online class.

Lexington, Kentucky Aug 9, 2024 ([Issuewire.com](https://www.issuewire.com)) - Noted UFO researcher and enthusiast Michelle Shaw, is excited to announce the launch of a new Kickstarter campaign for her upcoming innovative project, “100 Alien Encounters That Will Make You Believe.” This groundbreaking book is poised to captivate readers with its thorough research and compelling presentation of the most persuasive and awe-inspiring alien encounters recorded.

The book “100 Alien Encounters That Will Make You Believe” presents a carefully curated collection of the most credible alien sightings and encounters from around the world. Each story is painstakingly researched and vividly recounted to not only present the facts but also to convey the profound impact these events have had on the individuals involved and on the broader societal understanding of extraterrestrial life.

Michelle and her team, the Alien Analysts, have crafted this project to offer more than just reading material. Supporters of the Kickstarter campaign will have the exclusive opportunity to receive the book in two different formats: an interactive eBook and a beautifully bound hardcover edition.

In addition to the interactive eBook and hardcover book, the campaign also offers backers exclusive access to an online class centered around the themes of alien and UFO phenomena. This class goes beyond the book to explore the scientific theories and accumulated evidence that support the existence

of extraterrestrial beings. It provides a comprehensive, educational, and highly engaging experience for anyone interested in the field of ufology.

“The aim of our project is to transform skepticism into belief and curiosity into knowledge,” says Michelle Shaw. “Through ‘100 Alien Encounters That Will Make You Believe,’ we hope to provide a credible, intriguing, and scientifically grounded perspective on the alien phenomena that have puzzled and fascinated humanity for decades.”

The Kickstarter campaign seeks to fund the final stages of production and distribution of the book and the online class to ensure that this valuable resource reaches as wide an audience as possible. Early backers of the campaign can look forward to a variety of rewards, including limited edition copies of the book, extended online courses, and exclusive access to additional content.

The Team Behind the Project

Joining Michelle in this venture are her Mother, two close friends, and fellow researchers who share her passion for uncovering the truth about alien encounters. Their combined skills in investigation, documentation, and multimedia production have been crucial in bringing the rich content of this project to life.
