**OneHubPOS is LIVE
on Paxstore!**

Folsom, California Aug 8, 2024 ([IssueWire.com](https://www.issuewire.com)) - OneHubPOS, a point-of-sale (POS) and payment solutions provider for retail and restaurants is thrilled to announce its arrival on PAXSTORE with the [launch of its latest mobile POS](#) solutions. This exciting news comes through a strategic partnership with PAX Technologies, bringing OneHubPOS mPOS to PAX A3700 and A920 series devices. This integration empowers businesses of all sizes with seamless mobile POS capabilities.

Seamless Mobile POS on the Go

OneHubPOS mPOS is designed for on-the-go efficiency, offering a user-friendly experience for order processing, payments, refunds, and reporting – all optimized for the convenience of a handheld device. The seamless compatibility with PAX A3700 and A920 series devices creates a complete mobile POS solution for retailers and restaurants, streamlining operations and enhancing customer service.

Benefits for Businesses:

- **Effortless Mobility:** Empower your staff with the freedom of mobile order-taking, payments, and more through a user-friendly app.
- **Cost-Effective Solution:** This integration offers a significant cost advantage compared to traditional POS systems, making it ideal for micro-merchants and small businesses.
- **Android Advantage:** Leverage the familiarity and flexibility of the Android operating system with built-in payment acceptance technology.
- **Enhanced Efficiency:** Streamline your operations with features like on-the-spot order taking, quick payments, and easy reporting functionalities.

*"The potential for this solution in the unserved market segments like micro-merchants and small business owners is immense," said **Satheesh Kanchi, CEO of OneHubPOS**. "The combination of Android with integrated payment acceptance creates a vital software solution. This compact and user-friendly mobile POS solution is a game-changer for any retailer or restaurant looking to streamline operations and boost efficiency."*
