

P-Stubbz801 Drops Motivational New Single "Above Eighty" Produced by Wave Dweller

Midvale, Utah Aug 15, 2024 ([Issuewire.com](https://www.issuewire.com)) - P-Stubbz801, a force in the hip-hop scene, has released his newest single, "Above Eighty," produced by the renowned Wave Dweller. This track is more than just music—it's a declaration of resilience, drive, and the unbreakable spirit of those who refuse to be held back by labels, circumstances, or detractors.

In "Above Eighty," He confronts the criticism of his bold and assertive approach, transforming it into a message of unwavering confidence. Drawing inspiration from the outdoors, regardless of the blazing heat or freezing cold, the song is a powerful reminder that motivation shouldn't waver based on the weather or any other external factor.

The track also challenges the notion that age should limit ambition. Despite being in his 30s, He continues to grind with the same intensity as ever, proving that the pursuit of dreams knows no age limit. His lyrics encourage listeners to remain focused on their goals, dismissing the negativity and distractions that might come their way.

"Above Eighty" speaks to the importance of staying real during disagreements, avoiding the drama often spun by mainstream media, and rejecting propaganda that can drive wedges between people. He emphasizes the need to maintain genuine relationships, shrug off the haters, and stay committed to the grind, all while learning from the past and keeping an eye on the present.

This single is more than just a track—it's an anthem for anyone determined to chase their shine and make their dreams a reality, no matter the challenges they face.
