

PL Beverage: Leading Private Label Beverage Manufacturer in Europe

Since its founding in 2007, PL Beverage has served over 1,000 customers across multiple continents, offering solutions to both emerging beverage innovators and established enterprises.

Zug, Switzerland Aug 24, 2024 ([IssueWire.com](https://www.issuewire.com)) - PL Beverage, a premier private label filling and service company specializing in beverage development and production, is setting new standards in the industry with its commitment to quality, flexibility, and innovation. Centrally located in Germany, PL Beverage's state-of-the-art facility manufactures a diverse range of beverage products, offering clients

tailored solutions to meet their specific needs.

Operating with a production capacity exceeding 250 million cans annually, PL Beverage produces more than 15 different can sizes and PET water bottles, all of which can be privately labeled. The facility is equipped with four modern filling lines (Krones), pressurized tanks, high-tech CIP mixing facilities, and tunnel pasteurizing techniques, ensuring the highest quality at every stage of production. The company's use of high-quality water sourced directly from its own supply further guarantees the excellence of every product.

Since its founding in 2007, PL Beverage has served over 1,000 customers across multiple continents, offering solutions to both emerging beverage innovators and established enterprises. The company's modular approach allows for a high degree of customization, whether customers require lab support for small runs or large-scale co-packing services.

With a focus on quality assurance, PL Beverage employs rigorous monitoring processes, ensuring precise control over CO2 levels, Brix, pH, stability, and vitamin content. This dedication to quality has earned PL Beverage a reputation for reliability and excellence, making it a preferred partner for businesses around the world.
