

Rajasekhar Nalluri, MD, Sets New Standards in Plastic Surgery with Patient Safety and Exceptional Results

Recognized as a Leader in Modern Aesthetic Medicine

New York City, New York Aug 20, 2024 ([IssueWire.com](https://www.issuewire.com)) - Dr. Raja Nalluri, a distinguished plastic surgeon, embodies the pinnacle of modern plastic surgery at his practice, Nalluri Plastic Surgery & Laser Center. With an unwavering commitment to patient safety and delivering effective results, he has established himself as a leader in the field of aesthetic medicine.

At Nalluri Plastic Surgery & Laser Center, he ensures that every surgical procedure is performed with a licensed anesthesiologist in an accredited operating room. He prioritizes patient education, providing comprehensive information through brochures, sketches, and thorough discussions, allowing patients to set realistic goals and understand potential risks.

Having undergone rigorous training at Case Western Reserve University under some of the nation's premier plastic surgeons, he possesses a medical license, board certification by the American Board of Plastic Surgery, and privileges at local hospitals and ambulatory surgery centers. His qualifications ensure that every patient receives the highest standard of care in a safe environment.

In an industry where many professionals offer specialized procedures without adequate training or certification, Dr. Nalluri emphasizes the importance of choosing a board-certified plastic surgeon. He has seen firsthand the consequences when patients opt for non-certified practitioners, often leading to complications and unsatisfactory results. "When selecting a physician for your surgery, always ask if they are 'Board Certified by the American Board of Plastic Surgery,'" he advises.

The accolades awarded to Dr. Nalluri further highlight his excellence in plastic surgery. He has been recognized by U.S. News & World Report, Castle Connolly from 2011 through 2024, and was featured in Cosmopolitan Magazine's Hot List. Moreover, he has received the Medical LiveWire Award for Excellence in Plastic Surgery and is recognized by the International Association of Plastic Surgeons and Doctor's Choice. His role as a Clinical Assistant Professor for over a decade also underscores his commitment to educating and training the next generation of physicians.
