

Sairam Institution Collaborates with MIT Square London to Launch Global Research Force Centre of Excellence

Chennai, Tamil Nadu Aug 26, 2024 ([Issuewire.com](https://www.issuewire.com)) - Sri Sairam Engineering College has taken a significant step forward in global research and innovation by announcing a strategic collaboration with [MIT Square](https://www.mit-square.com), London, to establish the Global Research Force Centre of Excellence. This pioneering initiative is set to transform the landscape of international research and education, positioning Sairam at the forefront of innovation and academic leadership.

The Global Research Force Centre of Excellence (CoE) is designed to be a hub for cutting-edge research and development, where experts from diverse fields can converge to address sustainable goals and tackle complex global challenges.

The Centre aims to facilitate high-impact research projects that not only advance academic knowledge but also deliver tangible benefits to society. By fostering interdisciplinary collaboration and leveraging the strengths of both institutions, the CoE will serve as a catalyst for breakthrough innovations and technological advancements.

The newly established Global Research Force Centre of Excellence (CoE) will be led by Dr. Sheela Thavasi, a distinguished scholar with extensive experience in interdisciplinary research and innovation. Dr. Thavasi's leadership is expected to steer the CoE towards groundbreaking achievements and global recognition.

The inauguration of the CoE was a momentous occasion, graced by the presence of several esteemed

dignitaries. The event was attended by Dr. Sai Prakash Leo Muthu (Chairman & CEO-Sairam Institutions); Dr. Raja (Principal-SSEC); Dr. Rene Robin (Dean-Innovation); Dr. Sheela Thavasi (HoD-IT); Dr. Sumathi Sokkanarayanan (Prof-ECE); Dr. Sathya V (Prof-IT), Ms. Juno Bella (Ass. Prof-IT), Dr. Mithileysh Sathiyarayanan (Founder-MIT Square, London); Ms. Bhuvaneshwari Loganathan (Co-founder-MIT Square); along with senior faculty members, researchers, and industry leaders from both institutions. Their collective vision and support underscore the significance of this collaboration in advancing research excellence on a global scale.

The Global Research Force CoE will play a crucial role in elevating the academic and research capabilities of both Sairam Institution and MIT Square. It will offer state-of-the-art facilities and resources, enabling students and faculty to engage in world-class research. The Centre will also provide a platform for international conferences, workshops, and seminars, fostering a global exchange of ideas and knowledge.

One of the key features of the Global Research Force CoE is its commitment to nurturing the next generation of researchers and innovators. The Centre will offer specialized training programs, internships, and collaborative research opportunities for students, preparing them to tackle the challenges of the future. Faculty members will also benefit from enhanced research opportunities, professional development programs, and access to a global network of experts.

The launch of the Centre is a testament to the shared vision of Sairam Institution and [MIT Square](#) London—to create a better future through innovation, education, and collaboration.
