

## **Susan P. Perrine, MD, SM, MMS: a Pediatric Hematologist Oncologist**

**Leading Cutting-Edge Research and Clinical Excellence at Phoenicia BioSciences, Inc. and Beyond**

**New York City, New York Aug 6, 2024 ([Issuewire.com](https://www.issuewire.com))** - Dr. Susan P. Perrine, a distinguished figure in the field of medicine, has been at the forefront of groundbreaking research and clinical advancements in hematology, oncology, and orphan diseases. Serving as the President and Chief Medical Officer at Phoenicia BioSciences, Inc. since August 2008, Dr. Perrine has steered the company

towards the discovery and development of cutting-edge therapeutics while fostering strategic industry partnerships and spearheading innovative clinical trial designs.

With an illustrious career spanning over decades, Dr. Perrine's contributions to the medical community are immeasurable. As a Professor of Medicine, Pediatrics, and Pharmacology & Experimental Therapeutics at Boston University Chobanian & Avedisian School of Medicine since March 1994, she has been instrumental in directing translational research and clinical trials aimed at developing novel therapeutics and patient care strategies for various blood diseases.

In addition to her academic role, Dr. Perrine has served as a dedicated pediatric hematologist oncologist at Tufts Medical Center since February 2011, providing specialized medical care to pediatric patients battling blood diseases. Her compassionate approach and commitment to improving patient outcomes have earned her the respect and admiration of colleagues and patients alike.

Dr. Perrine's academic journey reflects her pursuit of excellence and commitment to advancing medical knowledge. She obtained Master of Science and Master of Public Health degrees from Harvard T.H. Chan School of Public Health before earning her Medical Degree from Tufts University School of Medicine in 1976. Her extensive training includes residencies at Tufts Medical Center and fellowships at Boston Children's Hospital/Boston Medical Center, culminating in board certifications in pediatrics and pediatric hematology-oncology.

Dr. Perrine is an esteemed member of the Boston University-Boston Medical Center Cancer Center and the Institute for Genome Sciences. Her affiliations underscore her dedication to collaboration, research excellence, and advancing the field of hematology and oncology.

Dr. Susan P. Perrine's relentless pursuit of medical innovation and unwavering commitment to patient care continue to inspire and drive advancements in the field of hematology and oncology. Her visionary leadership and expertise position her as a trailblazer in the medical community, shaping the future of healthcare for generations to come.
