

Vetpreneur® Announces 2024 Vetpreneur® of the Year Winner: Army Veteran Brian Moss

Pittsburgh, Pennsylvania Aug 1, 2024 ([IssueWire.com](https://www.issuewire.com)) - Vetpreneur® proudly announces that Army veteran Brian Moss, owner of the AAAC Wildlife Removal franchise, has been selected by public vote as the 2024 Vetpreneur® of the Year.

The Vetpreneur® of the Year award is presented to an exemplary veteran business owner who demonstrates exceptional qualities of leadership, perseverance, commitment, vision, and community involvement. This prestigious award honors veterans who have achieved sustained business success while maintaining high standards in their professional and personal lives.

Chosen by public voting from among 14 exceptional finalists, Moss's journey exemplifies the spirit of veteran entrepreneurship. "Brian's story is a classic tale of an American veteran who used his military training and experience to build a thriving franchise system," said Dan Fazio, awards program manager. "He not only succeeded but also pays it forward by recruiting fellow veterans to join the franchise. Congratulations to Brian on this well-deserved honor!"

Moss's inspiring journey will be featured in the September issue of *Vetpreneur* magazine.

After retiring from the Army in 2008, Brian and his wife Josie began their entrepreneurial journey as franchisees of All Animal Control. With determination and a commitment to excellence, they built a successful local business and soon became the primary training hub for new franchisees. Motivated by their belief in the franchise model and their own achievements, Brian and Josie encouraged friends and acquaintances to explore franchising.

They eventually acquired and rebranded the corporate franchise under the name AAAC Wildlife Removal, expanding it to 24 locations across the United States. As of the end of 2023, 50% of the franchisees were veterans. AAAC Wildlife Removal actively participates in military career fairs, promoting entrepreneurship among veterans.
