

Vizion Concepts Launches with High-Quality, Australian-Made Motocross Graphics Kits

MX Graphics Australia. Vizion Concepts offers jersey prints, custom dirt bike graphics kits, and personalised kits for KTM, Yamaha, Honda, and more; for a unique, standout look.

Pakenham, Victoria Aug 9, 2024 ([Issuewire.com](https://www.issuewire.com)) - Vizion Concepts Launches with High-Quality, Australian-Made Motocross Graphics Kits

Vizion Concepts is excited to announce its official launch, bringing high-quality, Australian-made motocross graphics kits to riders across the country. Founded in 2023 by a group of passionate motocross enthusiasts, Vizion Concepts is committed to delivering unique designs, swift service, and top-notch products that will make every rider stand out on the track.

Located in the South-East region of Victoria, Vizion Concepts is 100% Australian owned and operated. The company was born from a deep love for dirt bikes and art, with a mission to create graphics kits that reflect the individuality and style of each rider.

Marshall Smith, the owner and head designer, brings a wealth of experience to the company. His journey began on a cornflower yellow 1991 RM 125, gifted by his father, Big Steve. After falling in love with the freedom of riding, Marshall pursued a career in tattooing, where his talent for design flourished. In 2023, he seized the opportunity to combine his passions for design and motocross, and Vizion Concepts was born.

“We know your motocross bike is an extension of you,” says Marshall. “Our team’s sole purpose is to bring your Vizion to life with a unique, one-of-a-kind graphic kit that will hit differently at the track.”

Vizion Concepts is dedicated to:

High-Quality Products: Every graphics kit is crafted with precision and care to ensure durability and style.

Swift Service: With lightning-fast processing and delivery, riders can get their custom kits quickly and efficiently.

Unique Designs: All designs are created in-house, ensuring originality and creativity.
