

ASBURY MEDIA expands services with Dolby Atmos and Apple Spatial Audio Mastering

Asbury Park, New Jersey Sep 10, 2024 ([Issuewire.com](http://www.Issuewire.com)) - As a complement to its existing audio mastering and digital media services, ASBURY MEDIA is pleased to announce the availability of its new Dolby Atmos and Apple Spatial Audio Mastering Studio for artists, labels, and producers seeking opportunities with this emerging, state-of-the-art music delivery platform which is available on Apple Music, Tidal, and Amazon HD. Interested parties should contact Coleman R. Brice, Director of Studio Operations via email at: colie.brice@asburymedia.com or call 732-455-2761 to schedule a demo listening session.

About ASBURY MEDIA:

Founded in 2006 by 3X GRAMMY Award-winning engineer Tom Ruff, ASBURY MEDIA has been a steadfast contributor to and supporter of Asbury Park's entrepreneurial and cultural renaissance. From internationally acclaimed major label projects to the Jersey Shore music scene's best local songwriters and bands, ASBURY MEDIA has provided all of its clients with impeccable audio mastering, remote location recording, videography, and other digital media services throughout its nearly two-decade-long presence in the fabled city by the sea.
