

Edward C. Kormylo, DPM: A Leader in Podiatric Surgery and Care in Long Island

Comprehensive Foot and Ankle Care with a Focus on Reconstructive Surgery and Sports Medicine

New York City, New York Sep 16, 2024 ([Issuewire.com](https://www.issuewire.com)) - A leading figure in podiatric medicine and

surgery on Long Island, Dr. Kormylo works with patients at Suffolk Foot & Ankle, with offices in Centereach, East Patchogue, Riverhead, Medford, and Commack, New York. With extensive training and a commitment to patient-centered care, he provides comprehensive services tailored to meet the diverse needs of his patients.

Education-wise, he earned his undergraduate degree from SUNY Stony Brook before receiving his Doctorate in Podiatric Medicine from the New York College of Podiatric Medicine in Manhattan. He completed a rigorous three-year surgical residency at Northwell Health System, serving as chief resident in his final year. This prestigious training equipped him with the expertise necessary to treat a wide range of podiatric conditions.

An authority in his field, Dr. Kormylo is board-certified by the American College of Foot and Ankle Surgeons and has received advanced ankle surgical licensure from the State of New York, a prestigious certification awarded to only a select few in the field.

Specializing in reconstructive surgery of the foot and ankle, he is adept in managing complex trauma, performing small joint arthroscopy, and addressing lower extremity deformities. His dedication to pediatric care was further honed during his training at Cohen Children's Medical Center, where he mastered both operative and non-operative management of the pediatric foot.

At Suffolk Foot & Ankle, Dr. Kormylo offers evidence-based, compassionate treatment across a spectrum of services, including wound care, diabetic foot care, and comprehensive surgical options. He also serves as the Chief of Podiatry at Long Island Community Hospital and maintains affiliations with St. Catherine of Siena Medical Center and Peconic Bay Medical Center.

Beyond his surgical prowess, he has developed a strong background in sports medicine, collaborating with the NCAA Division I athletic department at Fordham University. His commitment to advancing the field is reflected in his numerous lectures on reconstructive foot and ankle surgery and trauma management.
