

Iron Gate Records Announces the Signing of Dirty Space Groove

Nashville, Tennessee Sep 12, 2024 ([Issuewire.com](https://www.issuewire.com)) - Iron Gate Records is excited to announce the signing of **Dirty Space Groove**, an alternative/rock/indie band hailing from South Florida. Known for their innovative fusion of alternative rock, funk, punk, and infectious space grooves, Dirty Space Groove has captivated audiences with their high-energy performances and genre-blending sound.

With a growing fanbase and a reputation for delivering electrifying live shows, Dirty Space Groove is set

to continue their musical journey under the Iron Gate Records banner. The band's distinct ability to seamlessly merge genres has made them a standout act in the indie and rock scenes.

In 2023, the band released two critically acclaimed tracks, “**My Sweet Space Dream**” and “**Nancy**”, which are currently streaming on iTunes and various digital platforms. Now, Dirty Space Groove is preparing to take their music to the next level with their highly anticipated five-song EP, set for release in late 2024. The EP was two years in the making and produced in collaboration with renowned producer **Jeremy Staska** at **The Original Studio 13**, resulting in an exceptional compilation that highlights the band's signature space grooves and diverse influences.

Dirty Space Groove is comprised of:

- **Mike Kennedy (aka TMK3)** on vocals
- **Dave Neri** on guitar and vocals
- **David Brown** on bass
- **Carlos Mingillo** on keys and vocals
- **Alfredo Gomez Van Houten** on percussion

“Dirty Space Groove brings an exciting, genre-defying sound that we’ve been eager to introduce to the world,” said **Mark A. Skoda**, CEO of Iron Gate Records. “Their unique blend of alternative rock, funk, and punk is infectious, and their music truly transports listeners into another dimension. We are confident that their upcoming EP will be a game-changer, and we are thrilled to have them join the Iron Gate Records family.”

Fans can expect Dirty Space Groove’s upcoming EP to push the boundaries of alternative and indie rock, combining grooves that are both experimental and undeniably catchy. The band's ability to deliver both polished studio tracks and dynamic live performances makes them one to watch in 2024 and beyond.
