MAYBE FOREVER

SHE WAS COMFORTABLY NUMB, UNTIL SHE FELT IT ALL

A FILM BY **GEORGE CAPACETE**
EXECUTIVE PRODUCER **RUBY CAPACETE** MUSIC **KIT ESCOBAR**
RUBY ENSHRINED FILMS

Los Angeles, California Oct 17, 2024 ([Issuewire.com](https://www.issuewire.com)) - "The narrative reminded me of Jim Jarmusch's "Paterson"" – From an IMDb review

'long form cinematic poem' – From an IMDb review

Some of what people are saying after watching Maybe Forever.

Maybe Forever is available to rent now on Amazon and Google play and soon to be available on Apple TV and Tubi.

Maybe Forever is the debut feature from husband and wife filmmaker duo, Ruby and George Capacete, both LatinX, and follows some festival success of their short [34.6868°N 118.1542°W](#) shot on their Iphone during covid. – WRPN Women's International Film Festival Award winner and finalist at Cannes World Film Festival.

Maybe Forever is a different take on a romance drama in which there is no conflict and the two characters relish in their love.

Bridging a fine line between Jarmusch's "Paterson" and Linklater's "Before Sunset" we follow a simple story told with cinematic elements becoming a unique film of its own.

The film is a treat for the soul in that it asks the viewer to slow down and go on this ride of love that goes against the convention of conflict in love and takes in the small moments of touch, vocal intonation and charm.

It is the love story of Sofia and Greg, based on the story of the filmmakers' Ruby and George, who despite a life of failed love, find the kind of love only they are destined for. Deep, honest, mature. A simple cup of coffee is so much more if one is willing to take in the simplicity and depth of the moment. Sofia was comfortably numb through life until she gets to feel it all with Greg.

Maybe Forever is a poetic love story that goes against the conventions of the rocky relationship and tells the story of a healthy kind of love.

Shot on a budget smaller, and a time-frame less than most films have for their trailer, Maybe Forever manages to elevate itself above its limitations by use of creativity and a desire to challenge the perception of Micro Budget Feature Filmmaking.

Maybe Forever is not like anything you've seen before.
