Shimla, Himachal Pradesh Sep 7, 2024 (Issuewire.com) - Shimla Hills Offerings Pvt. Ltd., a premier manufacturer, exporter, and global supplier of processed natural food offerings, is thrilled to participate as an exhibitor in **World Food India 2024**. During the 4-day event, the company will showcase its premium range of natural offer offerings. From fruit pulps/purees, puree concentrates, and juice concentrates to canned and IQF products, Shimla Hills provides superior quality processed fruits and

vegetables to food and beverage companies across the globe. Visit them at **Hall 4, Booth 4C 05 from September 19-22 at Pragati Maidan, New Delhi**, to learn about their products.

Speaking about the upcoming **Food Expo in New Delhi**, a spokesperson of Shimla Hills, said, *“At Shimla Hills, we are determined to offer the finest **natural food products** to the world. Thanks to our innovative aseptic thermal processing technique, we ensure each fruit and vegetable retains its natural taste and nutritional value without the need for artificial preservatives and additives. Attendees at **World Food India 2024** can visit our booth to explore our wide range of versatile products that are ideal for several food and beverage applications.”*

Shimla Hills is popular worldwide for its premium range of [fruit pulp/puree](#), juice concentrates, and pure concentrates made from freshly harvested fruits. Whether it's their exotic mango varieties, like **Alphonso, Totapuri, Raspuri, Kesar, Neelam**, etc., or other tropical flavours of banana, guava, papaya, and more, all our products undergo advanced processing to maintain the highest standards of quality. With their participation in **World Food India 2024**, the company is expecting to interact with more **B2B customers** interested in their product range. Likewise, F&B (food and beverage) companies will also get an opportunity to interact with Shimla Hills' experts to gain in-depth knowledge about their products.

The spokesperson further added, *“We aim to offer superior quality natural food products to the global markets. With our finest range of products, **F&B businesses** can transform their food experiences with natural goodness. Besides our range of natural fruit purees/pulps and juice concentrates, we even provide a vast selection of IQF (Individually Quick Frozen) and canned fruits and vegetables. When it comes to IQF technology, it helps in locking the natural flavour, freshness, and nutritional value of fruits/vegetables. So, consumers can enjoy the wholesome **natural food products** throughout the year. Shimla Hills' canned products are also quite versatile and convenient to use. From exotic fruits to diced vegetables, these products assure high-standard ingredients for several culinary applications. Join us at our **Booth 4C 05 in Hall 4 from September 19-22 at Pragati Maidan** to discover more.”*

Shimla Hills invites all industry experts, [food manufacturers](#), professional chefs, and food enthusiasts to visit their booth. At the booth, attendees can explore how the company's premium offerings are bringing food and beverage innovation. They can even sample products, learn about processing technology in-depth, and discuss business opportunities. Do you want to schedule a meeting with their experts? **Contact them at +91 93185-99232 or email: sales@shimlahills.com** to book a meeting slot. To find more information, visit their official website.
