

Sri Ramakrishna Engineering College Celebrates 30 Years of Academic Excellence and Industry Partnership

Autonomous institution under SNR Sons Charitable Trust pioneers innovative education in engineering, technology, and management with strong alumni and industry networks.

Chennai, Tamil Nadu Sep 27, 2024 ([Issuewire.com](https://www.issuewire.com)) - Sri Ramakrishna Engineering College (SREC), one of the premier institutions in Coimbatore, proudly celebrates 30 years of academic excellence and industry collaboration. Established in 1994 by the renowned SNR Sons Charitable Trust, SREC has cultivated a rich history of innovation, producing industry-ready graduates with expertise across multiple engineering and technology disciplines.

“SREC has continuously set benchmarks in technical education, research, and industry partnerships,” Our focus is on empowering students with hands-on learning and research opportunities that prepare them for the dynamic demands of today’s industry.

Ranked among the top autonomous engineering institutions, SREC currently offers 12 undergraduate and seven postgraduate programs in cutting-edge fields such as Aeronautical Engineering, Artificial Intelligence, Robotics, and VLSI Design.

A key highlight of SREC’s academic journey is its deep-rooted partnerships with industry giants such as L&T, Tech Mahindra, and Roots Industries, facilitating real-world experience through internships and research collaborations. With placement success at an impressive 82%, SREC graduates have secured positions in premier companies such as Saint Gobain, Infosys, Accenture, and Mahindra.

"Our strong alumni network, particularly active in Chennai and Bangalore, remains an invaluable asset to the institution, contributing significantly to our students' career development,"
