

Use Indian eVisa to Secure a Quick, Safe, and More Convenient Entry

New Delhi, Delhi Sep 18, 2024 ([Issuewire.com](https://www.issuewire.com)) - India is one of the most visited countries every year with people coming from all around the world. To make traveling easier for international travelers, the government of India has started a visa waiver program where foreign nationals no longer need to obtain a traditional paper visa and travel to the country with an eVisa instead. This does not require foreign citizens to even go to the nearest Indian embassy to apply. Now **India introduces a new category of visa**, called the Ayush Visa. This visa has two subcategories, a Patient visa for people traveling to undertake the treatments and an Attendant visa for people accompanying the patient. The **Indian e visa document requirements** are kept minimal so that foreign visitors can easily complete the application process. The requirements include a digital copy of the traveler's passport's primary (biographical) page, a copy of the visitor's most recent passport-style color photo, and a return or next flight ticket abroad. The passport must be valid for a minimum of six months after entry into India, otherwise, a new passport must be obtained. Moreover, if a tourist chooses to wear a turban, headband, hijab, burqa, or another type of head covering for religious reasons, they should make sure that it does not hide their face, chin, or hairline.
