

VHS Celebs Release New Single “Helluva Guy” Featuring Mic Murphy of The System

New York City, New York Sep 30, 2024 ([IssueWire.com](https://www.issuewire.com)) - Synthwave sensation VHS Celebs have just dropped their latest single, “Helluva Guy,” featuring the iconic Mic Murphy from the legendary 80’s group, The System. This collaboration marks a significant milestone for VHS Celebs, blending their modern synthwave sound with the timeless vocals of Murphy, known for hits like “Don’t Disturb This Groove.” The track itself is a great indication of the dancy vibes fans can expect on the new VHS Celebs

LP due out this year. The music video for “Helluva Guy” was shot in various iconic locations around New York City during VHS Celebs’ recent tour. The vibrant visuals capture the essence of the city that never sleeps, perfectly complementing the energetic and nostalgic vibe of the track.

Distribution by Virgin Music Group: “Helluva Guy” is proudly distributed by Virgin Music Group, ensuring the track reaches a global audience and solidifies VHS Celebs’ presence in the international music scene¹.

About VHS Celebs: VHS Celebs, comprised of Believe and sixtyhertz, have been making waves in the synthwave scene with their unique blend of 80s pop culture, futuristic house, and electronica. Their music is a nostalgic trip down memory lane, infused with modern production techniques that appeal to both old-school fans and new listeners alike.

About Mic Murphy: Mic Murphy is best known as the lead singer of The System, a pioneering synth R&B duo from the 1980s. With hits like “Don’t Disturb This Groove,” Murphy’s soulful voice and charismatic stage presence have left an indelible mark on the music industry. His collaboration with VHS Celebs brings a fresh yet familiar sound to “Helluva Guy,” making it a must-listen for fans of both artists.
