

Donald Goines Legacy: Mural and Biopic feature film being made in his honor

Detroit, Michigan Oct 14, 2024 ([Issuewire.com](https://www.issuewire.com)) - Eldorado Red Pictures would like to personally invite you to a momentous event that marks the beginning of a significant project for the city of Detroit—a project that honors the legacy of one of Detroit's own, the acclaimed author Donald Goines.

As a Detroit native and an actor with deep roots in the community, Robert "7" Shannon is incredibly excited to announce that he is producing and starring in a biopic about the life and legacy of Donald Goines. This project is close to his heart, as it reflects not just the story of a prolific author but also the essence of his city's culture and history. He proudly works alongside Donald Goines Jr., who is helping to produce this film, ensuring that his father's story is told with the respect and authenticity it deserves.

Collaborating with a talented team of community leaders, artists, and professionals, including Detroit's own Dylan Sides, the best cinematographer in town, who has joined as a producer. Together, they are launching a crowdfunding campaign to bring this story to life, and want to kick off this campaign in a way that truly honors Donald Goines.

As you may know, Detroit and Highland Park share some good times and bad. They also share his story! They will be taking part in a vital nexus for Highland Park! It's going to be a Highland Park renaissance, led out of "Parker Village", the new farm/haven/transportation/saving station located at 181 E. Buena Vista St, Highland Park 48203. Juan Shannon and community activists have taken the lead!

On October 21st, they will be unveiling the very first mural of Donald Goines, painted by the renowned local artist, Sintex. This mural will not only serve as a tribute to Goines' legacy but also as a powerful symbol of Detroit/Highland Park's artistic and cultural renaissance. They plan to make this unveiling an event to remember, with community leaders, artists, and supporters coming together to celebrate and announce this groundbreaking project.

It would be an honor to have you present at this event to share in this celebration and help them spread the word about the film and its significance to Detroit. This event will serve as a press release opportunity, where Eldorado Red Pictures will be providing detailed information about the film, the team, and how the community can get involved.

Please find enclosed further details about the event. The community of Detroit, Highland Park, and the Goines family kindly ask for your support in covering this important story, which they believe will resonate deeply with the people of Detroit, Highland Park and beyond.

Thank you for your time and consideration. Looking forward to the possibility of working together to share Donald Goines' story with the world.

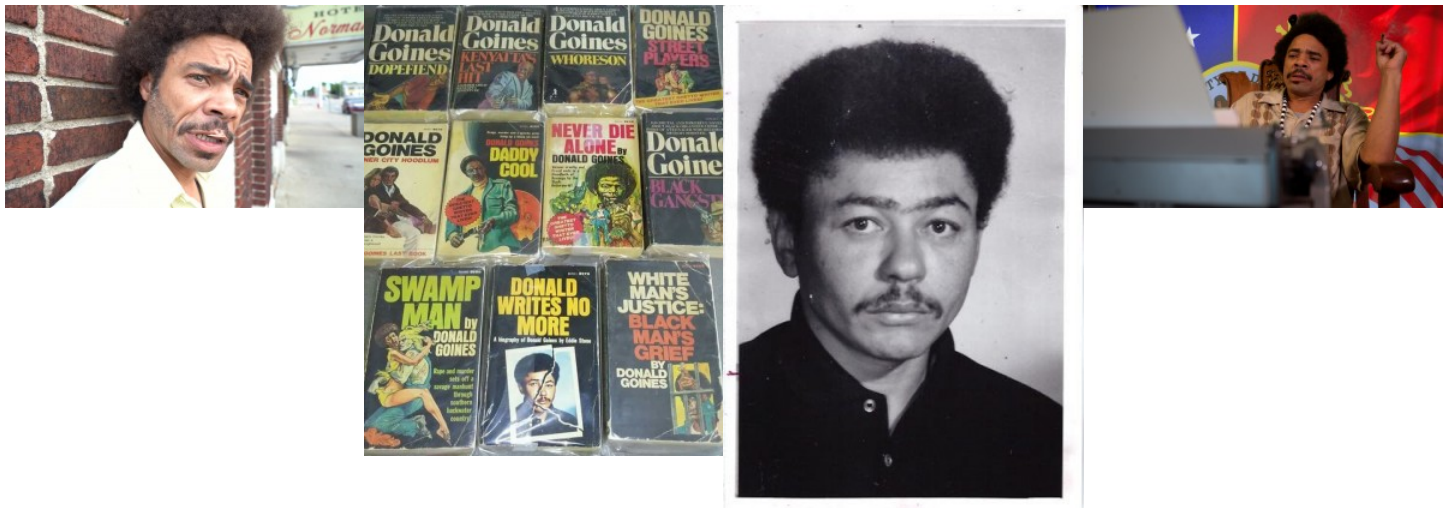

Warm regards,

Eldorado Red
