

Estrada Consulting Inc. Awards Scholarship to MIS Student at California State University, Sacramento

Estrada Consulting awards a scholarship to a CSU Sacramento MIS student, in continued support to future IT talent and strengthening industry partnerships.

Sacramento, California Oct 18, 2024 ([IssueWire.com](https://www.issuewire.com)) - As the demand for tech-savvy talent in the workplace continues to escalate, [Estrada Consulting Inc.](https://www.estradaci.com) (ECI), a leading IT consulting and solutions firm dedicated to innovative business intelligence and enterprise architecture solutions, is proud to announce the awarding of a scholarship to a student in the Management Information Systems (MIS) program at California State University, Sacramento. This initiative is part of ECI's commitment to nurturing future talent in the technology sector.

The new scholarship rewards academic excellence and aims to support students who are pursuing a career in information technology and data analytics. Estrada Consulting is pleased to offer the scholarship, strengthening its partnership with Sacramento State, which fosters opportunities for students to engage with real-world projects and gain valuable industry exposure.

"We believe in empowering the next generation of IT professionals," said Rafael Estrada, President of Estrada Consulting Inc. "Our ongoing collaboration with CSU Sacramento demonstrates our commitment to community development and creating opportunities for young talent to excel in the tech industry."

As well as heading the IT consulting and solutions firm, Mr. Estrada himself is an MBA graduate from Sacramento State, where he actively mentors current students in [business leadership](#) through the school's Professional Pathways Networking Program. The new scholarship further enhances ECI's established relationship with the university.

California State University, Sacramento's MIS program is offered through the university's College of Business (COB), which has been accredited by the Association to Advance Collegiate Schools of Business (AACSB) since 1963. The COB currently enrolls 3,500 undergraduate students and 500 students at the graduate level.

This new student scholarship award from ECI is an important contribution to promoting the MIS program and helping to prepare CSU Sacramento students for success in technology-related careers.
