Extortion 17's Why

**An Analysis of
Narratives by Alan Howell Parrot
Interviewed by Nicholas Noe**

Pittsburgh, Pennsylvania Oct 1, 2024 ([Issuewire.com](https://www.issuewire.com)) - On October 11, 2020, Nicholas Noe interviewed a falconer, Alan Parrot, regarding Benghazi. Parrot shared a story with Noe and Gold Star Father Charles Woods regarding the death of his son, Navy SEAL Ty Woods. The mainstream media, including NBC during a Town Hall with President Trump, called Parrot's account a "baseless conspiracy theory." The University of Pennsylvania quickly "fact-checked" the story and provided the American people with an article stating Parrot's account was baseless.

Trump said he knew nothing about the story but would "put it out there." Nicholas Noe, former Air Force who briefed Generals daily and had authority over subordinate units, had the opportunity to have several more recorded conversations with Mr. Parrot regarding topics throughout the Middle East. Given Parrot's extensive experience as an Arabist, he can explain through a neutral lens what appears to be the truth regarding the War on Terror and, ultimately, the most significant loss of life during the Iraq and Afghanistan Wars.

Extortion 17 took the lives of 30 Americans, many Navy SEALs, making it the most significant loss of life in SEAL Team history. After reviewing documents directly from the government (thanks to Gold Star parents) that do not align with the summary report, it is clear that Extortion 17 was a set-up and, subsequently, a cover-up. But why?

Alan not only explains Extortion 17's Why but also provides his unique perspective among princes and sheiks on the life of Osama bin Laden and the deceptive raid in Pakistan in 2011.

On October 11, 2024, four years after Alan and Nicholas released their initial video, a thorough analysis of Alan Parrot's background and life story is scheduled to be published. The book Extortion 17's Why reveals secrets known to a privileged few, including the death of Osama bin Laden's double and his son, which led to the downing of 30 American men in the tragic event known as Extortion 17. Go on a journey of discovery with Alan Parrot and Nicholas Noe. *Extortion 17's Why: An Analysis of Narratives by Alan Howell Parrot* will give the American people what Alan claims to be the truth behind 9/11, War on Terror, Osama bin Laden, and one of the most tragic events during the war: Extortion 17.
