

Jiangsu FMX Electric Vehicle Co., Ltd. to Showcase Cutting-Edge Green Technology at Canton Fair 2024

Wuxi, Jiangsu Oct 16, 2024 ([Issuewire.com](https://www.issuewire.com)) - Jiangsu FMX Electric Vehicle Co., Ltd., a leading innovator in green vehicle technology, is excited to announce its participation in Phase 1 of the [2024 Canton Fair](#), from October 15 to 19, at the Canton Fair Complex in Guangzhou, China. The company will be exhibiting its advanced range of electric vehicles, focusing on new energy solutions in sectors such as sanitation, waste management, and personal transportation.

Located in the scenic Yuqi Town Industrial Park, on the shores of Taihu Lake, Wuxi, Jiangsu FMX (also known as EVFMX) is renowned for its commitment to sustainable technology. The company specializes in the research, development, and production of environmentally-friendly vehicles, including electric garbage trucks, smart sanitation equipment, waste sorting tools, pure electric fire trucks, and their signature product—electric golf carts that combine utility with innovative design.

Cutting-Edge Technology on Display

EVFMX will be presenting its latest lineup of vehicles, highlighting innovations like:

- **Bolt-on Chassis Technology:** A versatile system that allows for easier assembly, maintenance, and customization of vehicles.
- **Advanced New Energy Vehicle Electrical Systems:** State-of-the-art electrical architecture designed for improved efficiency and sustainability.
- **Specialized Golf Carts:** Featuring a design that resembles a compact car, these [electric golf carts](#) bring together style, comfort, and superior performance, perfect for both leisure and professional use.

Visitors to the fair will have the opportunity to experience firsthand how EVFMX's innovations are revolutionizing green transportation, helping industries reduce their carbon footprint while enhancing operational efficiency.

Expanding Global Presence

As the world transitions towards greener alternatives, EVFMX is dedicated to expanding its presence in international markets. With a proven track record of delivering high-quality electric vehicles, the company is poised to meet the growing demand for sustainable solutions in the public and private sectors.

"Our participation in the Canton Fair underscores our commitment to advancing green technology and expanding our global footprint," said James Tang, Chairman of Jiangsu FMX Electric Vehicle Co., Ltd. "We are excited to engage with industry leaders, potential clients, and partners to explore new opportunities for collaboration and growth."

Visit Jiangsu FMX Electric Vehicle Co., Ltd. at the Canton Fair

Attendees of the Canton Fair 2024 are invited to visit EVFMX at Booth 8.1C17-18 in the New Energy Vehicle and Vehicle Spare Parts Section to learn more about the company's innovative solutions.
