

Mavensdotlive and Spirit of Math Partner to Bring International Spirit of Math Contest to Brunei Darussalam

For the 2024-25 School Year

Toronto, Ontario Oct 30, 2024 ([IssueWire.com](https://www.IssueWire.com)) - [Mavensdotlive](https://mavensdotlive.com) and [Spirit of Math](https://spiritofmath.com) are thrilled to announce an exciting collaboration that will bring the International Spirit of Math Contest to Brunei Darussalam for the 2024-25 school year.

The partnership is a continuation of Spirit of Math's unwavering commitment to promote co-operation, inspire confidence and release the genius in every child all around the world. This collaboration will give Bruneian students the opportunity to showcase their abilities on an international stage, while growing their confidence and skills which they will need for future success.

"At Spirit of Math, we look to change the world through education for all students," said [Kim Langen](#). "We are proud to support Mavensdotlive in their goal to empower young minds and unlock their fullest potential."

Founded in 2020, Mavensdotlive is an e-learning and program development startup in Brunei Darussalam dedicated to helping Brunei youth and unlocking their career opportunities. By partnering with Spirit of Math, an innovative leader in education, Mavensdotlive continues its mission to empower billions of minds and create a billion new possibilities.

"We are pleased to partner with Spirit of Math to provide Bruneian students with this incredible opportunity," said [Chai Li Goh](#), Founder and Chief Learning Officer at Mavensdotlive. "As an educator through and through, I realize the tremendous learning and inspirational value that contests such as the International Spirit of Math Contest can provide kids along their educational journeys."

The partnership is one of many collaborations Spirit of Math is undertaking with international organizations to bring the International Spirit of Math Contest to every corner of the world. Competitive events such as these offer children an excellent opportunity to develop important skills such as analysis, problem solving and critical thinking. They also get personal satisfaction (and motivational boost) from tackling and conquering some of the hardest questions.
