

## Moses Lake Industries Celebrates 40 years of success and looks to future global expansion

**Moses Lake, Washington Oct 3, 2024 ([IssueWire.com](https://www.issuewire.com))** - Moses Lake Industries (MLI), a global leader in high-performance chemical solutions for the semiconductor industry, celebrated its 40th anniversary at their main campus in Moses Lake on Friday, September 27th, 2024.

During the anniversary celebration, CEO Hiroyuki Era expressed gratitude to the team: "First and foremost, I would like to express my deepest gratitude to our team here. Each of you is an important part of our success. Your hard work, commitment, and dedication are the driving force behind our success. Thank you for your unwavering support, teamwork, and integration of MLI's core values into your daily work lives."

Looking ahead, MLI remains committed to innovation and sustainability in the semiconductor market, which is expected to reach \$1 trillion annually by 2031. The company plans to invest in new technologies and expand both domestically and internationally while supporting local and global communities.

Founded in 1984, MLI has consistently delivered world-class chemistries used to produce the semiconductors that power laptops, smartphones, and countless other electronic devices that have become essential to modern life. Through its commitment to technology, quality, and innovation, the company has transformed the world we live in while establishing itself as a trusted partner to businesses across the globe. Re-shoring of semiconductor manufacturing in the United States is opening new opportunities for MLI. The top chip companies in the world are all undergoing domestic expansions in Oregon, Arizona, New Mexico, Texas, Ohio, and New York. As an established, award-winning supplier to the top companies in the industry, MLI is positioned to benefit from sustained growth in the coming decade as the industry expands with the rapidly emerging demand for AI grows.

MLI's success is rooted in its ability to stay ahead of industry trends. With facilities in Moses Lake and China, and partnerships in Japan, Korea, Taiwan, and Singapore, MLI excels in providing cutting-edge solutions and fostering a strong workplace culture. Starting with ten employees, MLI now celebrates over 550 team members, with 39 employees marking over 20 years or more of service.

#### About Moses Lake Industries:

Moses Lake Industries is a leading global supplier of high-performance chemical solutions for the semiconductor industry and flat panel industries. Our commitment to technology, quality, and innovation is literally transforming the world we live in. As MLI continues to transform the lives through out chemistries, we never waiver on our commitment to our core values of safety, integrity, collaboration, service, ownership, and sustainability which extend beyond our business operations and into the communities we serve. We are strongly dedicated to serving our team and community members for decades to come, embodying the vision of "Pure Solutions, Tomorrow's Technology." Moses Lake Industries is a wholly owned subsidiary of Tama Chemicals.
