

Oceans Republic Takes the Lead in Eco-Friendly Manufacturing, Drives Impact with 1% for Ocean Cleanup Initiative

Ha noi, Hanoi Oct 29, 2024 ([Issuewire.com](https://www.issuewire.com)) - [Oceans Republic](https://www.oceansrepublic.com), a premier bamboo products manufacturer in Vietnam, is pleased to announce its strengthened commitment to sustainable production and environmental protection. Specializing in customized bamboo products, Oceans Republic not only crafts premium machine-made bamboo items but also allocates 1% of its revenue toward ocean cleanup efforts globally.

With the demand for eco-friendly alternatives on the rise, Oceans Republic has solidified its position as a reliable partner for businesses seeking high-quality bamboo products. By utilizing advanced manufacturing techniques, Oceans Republic ensures consistency and durability across its product line while reducing its environmental footprint—a significant milestone in sustainable bamboo production.

“We’re thrilled to partner with Ocean Integrity in our 1% for Ocean Cleanup initiative, where our contributions go directly to impactful cleanup projects,” says Swarnendu Sarkar, CEO of Oceans Republic. “This collaboration allows us to offer not just sustainable bamboo products, but a way for our clients to actively support marine conservation. Together, we are making a difference that extends beyond products to the health of our oceans.”

The 1% for Ocean Cleanup initiative directly funds cleanup efforts worldwide, addressing the urgent need to reduce ocean pollution and protect marine ecosystems. Through this program, Oceans Republic not only supports tangible environmental action but also raises awareness about responsible manufacturing and conservation.
