

OpticVyu Unveils New 24MP Time-Lapse Construction Camera to Revolutionize Project Monitoring

Hyderabad, Telangana Oct 26, 2024 ([IssueWire.com](https://www.issuewire.com)) - OpticVyu is excited to announce the launch of its **24MP Time-Lapse Construction Camera**, an advanced tool designed to enhance project monitoring and documentation for the construction industry. Available now on **LinkedIn**, this new offering takes time-lapse technology to the next level with unparalleled clarity, efficiency, and integration capabilities.

The new **24MP camera** is part of a versatile lineup that includes models ranging from **4MP and 8MP to high-performance 24MP and 45MP DSLR options**, catering to diverse project requirements. Designed with construction professionals in mind, this camera offers **high-resolution footage** to provide detailed visual insights, making it an essential tool for every stage of construction, from planning to completion.

Key Features of OpticVyu's 24MP Time-Lapse Camera:

- **High-Quality Time-Lapse Video:** Capture your project's progress in stunning detail, providing an engaging visual timeline.
- **Real-Time Progress Monitoring:** Track on-site activities with detailed reports to stay on top of

milestones and deadlines.

- **BIM Integration for Seamless Comparison:** Easily compare construction progress against Building Information Models (BIM) for precise tracking and planning.
- **Software Integration with Procore & Autodesk Construction Cloud:** Manage projects efficiently by syncing camera data with leading construction software platforms.
- **Unlimited User Access:** Enable collaborative project management with access for all key stakeholders.
- **Automated Alerts:** Receive email notifications for critical updates, ensuring you never miss an important milestone.

The **24MP camera** empowers **project managers, construction managers, and on-site supervisors** with real-time updates and high-quality documentation, fostering transparency and collaboration. It also offers **direct integration with tools like Procore and Autodesk Construction Cloud**, ensuring construction teams can centralize monitoring, reporting, and planning on a single platform.

"With the introduction of our [24MP Time-Lapse Construction Camera](#), we aim to redefine how construction projects are monitored and documented," said a spokesperson from OpticVyu. "This camera offers **unmatched visual clarity and seamless software integration**, empowering construction professionals to streamline workflows and ensure projects stay on track."

Designed for Key Construction Roles:

This cutting-edge time-lapse solution is perfect for:

- **Project Managers**
- **Construction Managers**
- **Site Supervisors**
- **Building Managers**
- **Construction Specialists & Owners**

A Smarter Way to Manage Construction Projects

The **24MP Time-Lapse Camera** provides beautiful visual records and a powerful project planning tool, helping construction teams monitor progress, manage schedules, and document every phase with precision. With **unlimited** team member access and automated alerts, OpticVyu ensures smoother collaboration across roles.
