Salt Lake City, Utah Oct 16, 2024 ([Issuewire.com](https://www.issuewire.com)) - Charley Johnson, a former business owner, nonprofit president, and spiritual seeker, has released his debut book, [Truth Has No Sides](#). This compelling work delves into themes of consciousness, spirituality, and the division created when individuals align themselves with rigid identities. Johnson's personal journey of self-discovery, shaped by over a decade of study under an enlightened teacher, offers readers a unique perspective on what it means to truly awaken.

In *Truth Has No Sides*, Johnson introduces readers to profound concepts through his own experiences, blending humor, storytelling, and deep spiritual insights. The book challenges societal norms and encourages readers to move beyond limiting belief systems, embracing a path toward clarity and awakening. With a mission to break down the barriers that divide us, Johnson guides his audience to explore their consciousness and discover the universal truths that connect humanity.

"I've never been one to wear loose-fitting white clothing or chant mantras," says Johnson. "My approach is down-to-earth, approachable, and most importantly, real. This book doesn't talk about spirituality in

the traditional sense—it sheds the layers of division and stepping into the clarity that comes from seeing the world for what it truly is,” he added.
