

Twins Dynasty Launches AI Agent - iUltima Answering Service for Dispensaries

Innovative AI-driven solution set to streamline dispensary operations and enhance customer satisfaction

Los Angeles, California Oct 28, 2024 ([IssueWire.com](https://www.issuewire.com)) - Twins Dynasty, a leading provider of cutting-edge AI technology, today announced the launch of its new AI Agent Answering Service, tailored specifically for the needs of cannabis dispensaries. This pioneering service offers 24/7 customer support, transforming how dispensaries manage client inquiries, process orders, and handle customer support issues. By deploying a powerful AI-driven solution, dispensaries can provide fast, efficient, and consistent responses, even outside traditional business hours.

The AI Agent Answering Service leverages advanced natural language processing (NLP) to understand and respond to various questions, from product availability and delivery times to order status and dispensary-specific policies. Designed with the cannabis industry's unique regulatory landscape in mind, Twins Dynasty's AI service ensures compliance and accuracy in every customer interaction, making it easier for dispensaries to maintain high service standards without overextending staff.

"As the cannabis market expands, dispensaries need tools that can keep pace with growing customer demand and provide immediate support," said Robin Foster, CEO of Twins Dynasty. "Our AI Agent -iUltima Answering Service is designed to do exactly that, acting as an intelligent, always-available dispensary team member. We're excited to offer a solution that enhances customer satisfaction and improves operational efficiency for dispensaries."

Key benefits of Twins Dynasty's AI Agent - iUltima Answering Service include:

- **24/7 Availability:** Always on, AI Agent handles inquiries, allowing dispensaries to provide consistent service anytime.
- **Improved Customer Experience:** Accurate answers drive customer loyalty and satisfaction.
- **Scalability:** AI-powered service that can manage fluctuating demand without impacting response quality.
- **Regulatory Compliance:** Tailored to cannabis industry regulations, ensuring safe and compliant customer interactions.

Twins Dynasty has been working closely with early adopters in the cannabis industry to tailor the AI Agent Answering Service to address specific challenges dispensaries face. With this launch, dispensaries can increase customer engagement, boost satisfaction, and maintain operational flow without the burden of round-the-clock staffing.

The AI Agent Answering Service is available now, with customizable packages to suit dispensaries of all sizes. To learn more, dispensaries can visit www.twinsdynasty.com or contact Twins Dynasty at info@twinsdynasty.com.
