Germantown, Maryland Nov 8, 2024 ([Issuewire.com](https://www.issuewire.com)) - Barking Trails, a reliable name in personalized pet care, is excited to share that it is expanding its popular dog walking services across Maryland and nearby regions. Designed for busy pet owners, Barking Trails now reaches areas such as Washington D.C., Alexandria, Bethesda, Silver Spring, Northern Virginia, Frederick, Columbia, and the Eastern Shore of Delaware.

A Commitment to Happy, Healthy Pets

Barking Trails knows how important regular exercise, social time, and mental activity are for dogs of all breeds and ages. Many pet owners struggle to meet these needs due to busy work and life schedules. Barking Trails offers reliable, caring, and professional dog walking services to ensure every dog gets the care they deserve.

“Our mission is simple yet impactful: to provide reliable and personalized care that enhances the quality of life for both pets and their owners,” said Trystan, Founder of Barking Trails. “We’re excited to extend our reach and bring our services to more pet-loving communities across the region.”

Tailored Walks by Trusted Professionals

All Barking Trails dog walkers complete thorough training and background checks to guarantee top-quality care. The team customizes each walk to fit the unique needs of every dog, whether it's an energetic run or a slow walk for older animals. Pet owners can relax, knowing their dogs are in safe and skilled hands.

Serving a Growing Need in Expanding Communities

The growth happens when pet ownership is at its peak, and many people are looking for reliable services to help keep their pets healthy and happy. Barking Trails serves various urban and suburban areas, from the busy streets of Washington, D.C. to the quiet paths of Columbia and Frederick, recognizing the specific needs of each community.

Convenient, Transparent Service

Barking Trails uses advanced technology for easy scheduling, live updates, and GPS-tracked walks. Customers can book services easily on a simple online platform and receive detailed reports with photos, distance traveled, and personal notes.
