

EyeProGPO, LLC and Lumibird Medical Inc. Announce Partnership to Enhance Eye Care Solutions

Athens, Georgia Nov 26, 2024 ([Issuewire.com](https://www.issuewire.com)) - EyeProGPO, LLC, a leading group purchasing organization (GPO) dedicated to providing cost-effective solutions for eye care professionals, and Lumibird Medical Inc., a leading provider of laser, ultrasound, and imaging solutions for ophthalmology professionals.

This partnership will enable EyeProGPO members to benefit from Lumibird Medical's innovative devices designed specifically for ophthalmology.

"We are excited to partner with Lumibird Medical to bring their cutting-edge technology to our members," said Phil Meyer, COO at EyeProGPO, LLC. "This partnership underscores our commitment to providing members with access to the latest advancements in eye care technology, empowering them to deliver the best possible patient care."

Lumibird Medical has consistently delivered top-tier laser solutions, with its renowned Tango series earning high praise from ophthalmologists. Lumibird Medical's Reflex technology is the first of its kind, featuring a built-in 2mm offset that significantly reduces the risk of pitting.

Lumibird's ultrasound devices offer unparalleled image quality and ease of use, making them an ideal solution for eye care professionals. These devices enable real-time visualization of the eye and surrounding structures, aiding in the diagnosis and management of a wide range of ocular conditions. A key advantage Lumibird Medical has over its competitors is its Sulcus-to-Sulcus software that gives you accurate measurements for ICL sizing every time.

"Lumibird is thrilled to join forces with EyeProGPO to expand the reach of our solutions within the eye care community," said Chris Ball, VP & GM of Lumibird Medical. "Our user-friendly, high-performance devices empower eye care professionals to make accurate diagnoses, monitor progress, perform laser treatments, and help improve patient outcomes. We are confident that this partnership will benefit both EyeProGPO members and their patients."

Through this partnership, EyeProGPO members will gain access to dedicated support for Lumibird Medical solutions, enabling them to seamlessly incorporate this valuable technology into their practice or ASC.
