

Jason T. Estrin, MD: Providing Comprehensive Care for Adults in Bucks County, PA

Dedicated Internist Combines Expertise in Disease Management with a Focus on Patient Relationships and Preventive Care

New York City, New York Mar 10, 2025 ([Issuewire.com](https://www.Issuewire.com)) - Jason T. Estrin, MD FACP, is a distinguished internist living in Bucks County, Pennsylvania, where he specializes in providing comprehensive medical care to adult patients. With a deep commitment to caring for patients in all phases of health care delivery, Dr. Estrin skillfully manages a wide array of health conditions, from

common ailments to complex diseases, while fostering long-term relationships with his patients, including caring for his two teenage daughters.

Dr. Estrin earned his medical degree from Drexel University College of Medicine in 2002, followed by his intern year at the nation's first hospital, Pennsylvania Hospital in Philadelphia. He completed his residency in internal medicine at Greenwich Hospital, which is affiliated with Yale University. After almost two decades in hospital medicine at St. Mary's Medical Center and other outpatient practices, he joined Redwood Health Partners, serving Juniper Village in Bensalem, PA, in 2024.

As an internist, Dr. Estrin serves a vital role in primary care and acts as a consultant to fellow physicians, adeptly managing intricate medical cases and collaborating with specialists, including surgeons, to create comprehensive treatment plans. His practice emphasizes the importance of disease prevention and mental health, recognizing the close relationship between physical and mental wellness. In 2014, he achieved the esteemed title of Fellow of the American College of Physicians (FACP), underscoring his commitment to continuous professional development and excellence in the field of internal medicine.

Dr. Estrin holds a certificate in Medical Humanities from MCP-Hahnemann University, a master's certificate in Public Health from George Washington University, and a certificate from the Woodrow Wilson School of Public Affairs at Princeton University, on top of his bachelor's degree in molecular biology. Believing that strong patient-physician relationships are essential for favorable health outcomes, Dr. Estrin takes the time to understand the unique needs of each patient. This personalized approach allows him to develop tailored treatment plans that not only address immediate health concerns but also focus on preventive measures to help patients achieve and maintain optimal health.
