

Launch of the First Comprehensive MSc in Facial Aesthetics and Cosmetology in India

Morena, Madhya Pradesh Nov 25, 2024 ([Issuewire.com](https://www.issuewire.com)) - With the rising demand for highly skilled professionals in aesthetic medicine and cosmetology, Krishna Aesthetic Center proudly announces the launch of India's first *Master of Science* [MSc in facial aesthetics and cosmetology in India](#). This innovative program is designed to bridge the gap between scientific expertise and hands-on application, empowering aspiring professionals to excel in the flourishing aesthetics industry.

The MSc in Facial Aesthetics and Cosmetology offers a unique curriculum that combines advanced medical training with the latest developments in facial aesthetics, non-surgical treatments, and dermatological sciences. The program, tailored for both medical professionals and those new to the field, focuses on a blend of theoretical knowledge and practical experience, guided by experts with global credentials.

"India's aesthetics and cosmetology industry is rapidly evolving, and there is an increasing need for well-trained professionals who understand the science, technology, and art of beauty," said Krishna Aesthetic Center. "This program is not only designed to meet this demand but also to set a new standard in aesthetic education in India."

Key Highlights of the MSc in Facial Aesthetics and Cosmetology:

- **Cutting-Edge Curriculum:** Integrates dermatological sciences, facial anatomy, aesthetic techniques, and business management for a comprehensive education.
- **World-Class Faculty:** Led by experienced professionals and industry leaders from India and abroad.
- **Hands-On Training:** Offers real-world experience through clinical practice and access to state-of-the-art equipment.
- **Career Opportunities:** Graduates are prepared for roles in clinics, hospitals, wellness centers, and independent practices in India and worldwide.

Upon completion, students will be adept in a wide range of procedures including dermal fillers, botulinum toxin injections, skin rejuvenation, and laser therapies, ready to transform the aesthetics industry with ethical and skillful practice.

The MSc in Facial Aesthetics and Cosmetology is now open for enrollment, with classes beginning in [Month/Year]. For more information on the program and admissions, please visit www.drgangil.com or contact +91-8077685250.
