

Manchester Locksmiths 24hr Rolls Out “Lock It Right”

Manchester Locksmiths 24hr Rolls Out “Lock It Right” Initiative to Help Manchester Residents and Businesses Strengthen Security Standards

Manchester, England Nov 14, 2024 ([IssueWire.com](https://www.issuewire.com)) - Manchester Locksmiths 24hr Is Rolling out the “Lock It Right” Initiative to Help Manchester Residents and Businesses Strengthen Security Standards.

Manchester Locksmiths 24hr, under the leadership of founder Steven Brown, is proud to announce the launch of its “Lock It Right” Initiative, an innovative program offering Manchester residents and businesses free lock inspections and security advice to help prevent break-ins and improve property safety. This initiative is part of Manchester Locksmiths 24hr’s mission to empower the community with expert knowledge and practical solutions for upgrading outdated or inadequate security systems.

The “Lock It Right” program includes certified locksmiths' on-site evaluations of current locking mechanisms and entry points. Following each inspection, residents and business owners receive a tailored report with recommendations for reinforcing their security, including cost-effective upgrades and preventative strategies. With property crime on the rise in several Manchester neighbourhoods, Manchester Locksmiths 24hr is committed to ensuring that homes and businesses have the resources to secure their premises effectively.

Building Security Awareness in Manchester

As Manchester’s residential and commercial areas continue to develop, the need for increased security awareness has grown. Manchester Locksmiths 24hr’s “Lock It Right” Initiative addresses this by equipping the community with practical knowledge on lock maintenance, deterrence measures, and access control systems to prevent unauthorized entry.

“Our goal is to help Manchester residents and businesses make proactive choices about their security,” says Steven Brown, Founder of Manchester Locksmiths 24hr. “Through the ‘Lock It Right’ Initiative, we’re offering complimentary evaluations and realistic solutions that fit any budget because feeling safe at home or work shouldn’t be a luxury.”

Key Features of the “Lock It Right” Initiative:

- **Complimentary Lock Inspections:** Professional assessment of existing locks and entry points to identify weaknesses or outdated systems.
- **Customized Security Recommendations:** Practical advice on lock upgrades, rekeying options, and anti-snap, bump-resistant, or smart lock systems.
- **Maintenance and Prevention Tips:** This section provides guidance on lock maintenance, simple deterrence measures, and best practices for keeping properties secure.

Why Manchester Property Owners Should Take Part:

- **Early Risk Detection** – Uncover vulnerabilities before they lead to security incidents.
- **Affordable Security Upgrades** – Learn about budget-friendly upgrades to strengthen property security.
- **Expert Advice from Local Professionals** – Gain peace of mind from the insights of a trusted Manchester-based locksmith team.
