Leading the Way in Innovative Treatment Options at Peak Anesthesia & Pain Management

**New York City, New York Nov 4, 2024 ([IssueWire.com](https://www.issuewire.com))** - Michael Gesquiere, MD, DABP, a prominent pain management specialist and the Founding Partner and President of Peak Anesthesia & Pain Management, is dedicated to transforming the lives of patients suffering from chronic and acute pain. Renowned for his compassionate approach and commitment to patient care, Dr. Gesquiere employs an evidence-based algorithmic approach tailored to each individual, addressing a broad spectrum of painful conditions.

With offices in Englewood and Brighton, Dr. Gesquiere specializes in diagnosing and treating complex regional pain syndrome, degenerative disc disease, spinal stenosis, sciatica, joint arthritis, back pain, and more. His comprehensive approach to pain management incorporates both traditional treatments such as injection therapy and cutting-edge therapies, ensuring each patient receives the most appropriate and effective care. Among the advanced techniques he employs are radiofrequency ablation of sensory nerves, spinal cord, dorsal root ganglion and peripheral nerve stimulation, minimally-invasive disc procedures, regenerative medicine, Ketamine infusion therapy, Botox\*, and intrathecal drug delivery.

Dr. Gesquiere's educational background is as impressive as his practice. A native of Michigan, he began his medical training at Michigan State University and earned his Medical Degree from Ross University School of Medicine. He completed extensive training in medical, surgical, anesthesia, and interventional spine at the prestigious Yale School of Medicine. His dedication to excellence is further demonstrated by his three board certifications from the American Society of Anesthesiology, the American Board of Pain Management, and the American Academy of Pain Management.

An active member of several professional organizations, including the North American Neuromodulation Society, the International Neuromodulation Society, the American Society of Regional Anesthesia and Pain Management, and the Colorado Pain Society, Dr. Gesquiere is also a Faculty Instructor for the American Society of Pain and Neuroscience. His influence in the field is recognized through numerous accolades, including the Top Doc distinction, the Who's Who Award, Elite American Physicians, and the Patients Choice Award, among others.

Dr. Gesquiere's relentless pursuit of innovative pain management solutions reflects his deep commitment to improving the quality of life for his patients. At Peak Anesthesia & Pain Management, he and his team strive to provide compassionate care and cutting-edge treatment options to help individuals reclaim their lives from pain.
