Los Angeles, California Nov 26, 2024 (Issuewire.com) - [Dr. Bharat Agravat](http://Dr.BharatAgravat) (<https://www.drbbharatagravat.com>), renowned dentist and implantologist along with being an award-winning medical entrepreneur, is set to launch its flagship OLI Therapy services for the treatment of Oral Submucous Fibrosis in Mumbai soon at OSMF Clinic. Assisting him in this service will be his son Dr.

Kartavya Agravat, CEO of [Dr. Agravat Healthcare Ltd.](#) With the original chamber being in Ahmedabad, residents will now be at great advantage in receiving advanced oral care right there in Mumbai from the very hands of one of India's best dentists.

It has been decided for now that the father and son duo will visit Mumbai on the second Saturday of each month. However, if the need arises, the visits can be increased to twice a month. Apart from OLI Therapy, Mumbai residents will also be able to receive multiple other oral care treatments like Fix Teeth, Fix Dentures, All on 4 Dental Implants, OSMF Mouth Opening Kit Treatment, (<https://osmfmouthopeningkit.com>) and [Quit Smoking Gutkha QSG Kit](https://quitsmokinggutkha.com) (<https://quitsmokinggutkha.com>) Treatment.

Having been in the field for over two and half decades, Dr. Bharat Agravat has changed the landscape with his approaches towards the methods of treatment, including the conventional ones. In fact, the OLI Therapy treatment that he has developed to heal Oral Submucous Fibrosis or OSMF is one of the more unconventional ones in the fact that it is completely non-invasive and non-surgical.

“Science is never static, so it stands to reason for us medical professionals to keep challenging existing knowledge systems in order to get to a better one that benefits more and more patients”, quipped Dr. Agravat. To book for consultation, patients can contact the given phone number — 7575-00-8686.

About

Dr. Bharat Agravat is India's leading and award-winning dental implantologist, innovator and founder of OSMF Clinic who has transformed lives with his cutting-edge and advanced yet low-cost treatment methods. His ingenious treatment OLI Therapy, OSMF Kit and QSG Kit has improved the lives of thousands and helped tremendously with addiction management.
