

Muslims for Trump Drives Swing States for President Trump

Michigan, Georgia, and Pennsylvania—With Significant Muslim Populations—In Play as MFT Releases Strategic Report: AMERICA VISION 2030

Dearborn, Michigan Nov 3, 2024 ([IssueWire.com](https://www.issuewire.com)) - Muslims for Trump (MFT) is working round-the-clock in the final days before the election to turn the swing states of Michigan, Georgia, and Pennsylvania in favor of President Donald J. Trump. With Arab-American and American Muslim voters emerging as a decisive "wild card" force, MFT is mobilizing its grassroots network to ensure these states support the re-election of President Trump, who has promised to end the Gaza War and bring peace to the Middle East.

The recent publication of MFT's [Strategic Report: America Vision 2030](#) outlines a compelling roadmap for America's moral revival, positing that Islam's enduring values are resonating with increasing numbers of Americans. This report reflects MFT's view that the United States is on the cusp of a spiritual turning point. With technological and social upheavals escalating, MFT argues that America stands at a historic crossroads, where a moral renewal led by Islamic principles could inspire profound societal transformation.

As American Muslims prepare to cast their votes, the report emphasizes that this election will define the future of America and, indeed, the trajectory of the entire world. Just last week, President Trump invited

a group of American Muslim leaders onstage at his rally in Novi, Michigan. “They could turn the election one way or the other,” said President Trump, adding: “These are prominent leaders of Michigan’s Muslim community.” Imam Belal Alzuhiry, one of the leaders of the MFT movement, said: “We, as Muslims, stand with President Trump because he promises peace – he promises peace, not war.” MFT Co-founder and Director of Strategy & Research Dr. A. Muhammad Usman added: “In times of crisis, we are charged with upholding truth, and we believe President Trump’s leadership aligns with a greater purpose.” MFT is proud to lead the charge for a faith-based future, with confidence that God will preserve America’s core values in the face of unprecedented philosophical and political challenges.
