

New Book Demands Justice in JonBenét Ramsey Case: Author Calls for Renewed Investigation

Atlanta, Georgia Dec 2, 2024 ([IssueWire.com](https://www.IssueWire.com)) - 28 Years Later: New Book Demands Justice as Netflix Revisits JonBenét Ramsey Tragedy

Investigative author Tonya Carroll's new book, *JONBENÉT RAMSEY UNVEILED: REVEALING THE OVERLOOKED PIECES OF A PUZZLE*, presents compelling evidence that, in her opinion, suggests a closer look at the involvement of Linda Hoffmann-Pugh, the Ramsey family's former housekeeper.

Carroll's research highlights previously overlooked connections between household items found near the crime scene and Hoffmann-Pugh. Based on this evidence, Carroll believes it's imperative to re-examine the case to ensure no stone is left unturned.

"For over 14 years, I've delved into this complex case, uncovering details that warrant further investigation," says Carroll. "We owe it to JonBenét to pursue all leads, no matter how unconventional."

As the Netflix documentary *Cold Case: Who Killed JonBenét Ramsey?* premieres, Carroll urges viewers to critically analyze the evidence presented in her book. She believes that renewed public attention can spark a deeper investigation into the case.

"It's time to re-examine this case with fresh eyes," says Carroll. "By doing so, we can bring closure to JonBenét's family and ensure justice is served."
