

PitPat Launches "Track Town USA" Event, A Virtual Running Challenge Awaits

Houston, Texas Nov 20, 2024 ([Issuewire.com](https://www.issuewire.com)) - [PitPat](#), the world's largest online competition platform, is dedicated to providing a diverse array of virtual event experiences for running enthusiasts worldwide. By leveraging innovative technology and efficient online event models, PitPat has revolutionized the running experience. Recently, PitPat officially announced the launch of the "Track Town USA" event, part of its "Run Across America" map series. This event is designed to offer a challenging and enjoyable virtual competition platform for global runners. It is not just a race of speed but also a test of endurance and resilience, expected to attract thousands of participants.

The Track Town USA event kicks off on November 20, with a registration fee of \$5. Participants can register up to 30 minutes before the event ends. The race lasts for 12 hours, and rankings will be determined by completion time. The top three finishers will receive \$300, \$200, and \$100, respectively, while participants finishing fourth to tenth will each win \$50. Additionally, participants can share their race highlights for a chance to win cash prizes if their moments are selected.

Kevin Zhang, founder of PitPat, implied that the Track Town USA event is a cornerstone of PitPat's "Run Across America" series and an integral part of the platform's mission. Through this event, PitPat aims to provide runners worldwide with a fair, transparent, and challenging competitive platform. More than just a running platform, PitPat seeks to inspire people to embrace a healthy lifestyle through technological innovation and virtual events. Looking ahead, PitPat plans to expand its event offerings, introducing more challenging and engaging virtual competitions to further promote the global running movement.

To join PitPat's virtual events, all you need is a PitPat-compatible treadmill from partner brands [DeerRun](#) or [SupeRun](#). By connecting to these treadmills, you can seamlessly participate in online virtual events and compete with runners worldwide. DeerRun and SupeRun are key partners of PitPat, providing not only high-quality treadmill equipment but also innovative technologies that blend virtual events with real-world exercise for an unparalleled racing experience.

Compact Design

DeerRun and SupeRun treadmills are lightweight and portable, weighing less than 80 pounds and equipped with wheels for easy transport and adjustment. Their foldable design saves significant space, making them ideal for home use. Whether in a cozy apartment or a spacious living room, these treadmills fit effortlessly. Additionally, they feature simple installation, allowing users to set them up in just three minutes. With 100% safe components and a two-year warranty, users can enjoy peace of mind.

Outstanding Safety and Comfort

The treadmills feature high-pressure MDF running decks with excellent shock absorption, capable of supporting up to 300 pounds. A specially designed cushioning system protects users' knees, reducing the risk of injury. The running belt is crafted from waterproof, fireproof, and corrosion-resistant PVC with a diamond-patterned surface, ensuring durability and eco-friendliness. EPDM triple-layer cushioning pads provide exceptional elasticity, effectively absorbing impact and minimizing joint stress during runs.

Advanced Smart Technology

The treadmills are equipped with a proprietary PitPat control system that is globally certified for stable

and efficient operation. With PCBA-standardized manufacturing, the treadmills meet diverse user customization needs. The control system is lightweight, efficient, and capable of withstanding prolonged, high-load operations, ensuring hassle-free maintenance.

About PitPat

PitPat is a global leader in online competition platforms, dedicated to enhancing the exercise experience for runners worldwide through technology and innovation. By integrating virtual events with smart hardware, PitPat eliminates time and space barriers, making it easy for everyone to join in. Moving forward, PitPat will continue to expand its event offerings and innovate platform features, delivering more challenges and rewards to runners around the world.

PitPat not only prioritizes the user experience but also promotes sports culture and environmental sustainability. Through partnerships with leading treadmill brands, PitPat remains at the forefront of the global running industry, inspiring more people to adopt a healthy and vibrant lifestyle.
