

PNW Restoration, a leading provider of restoration and cleanup services

Water Damage REstoration

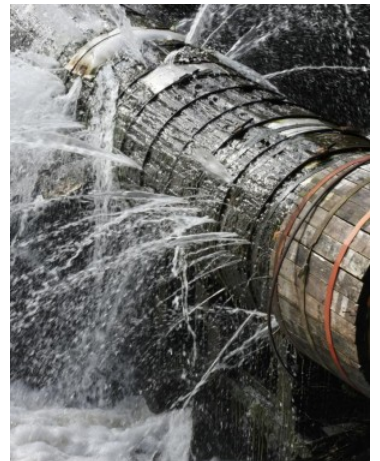

Portland, Oregon Nov 14, 2024 ([Issuewire.com](https://www.issuewire.com)) - PNW Restoration, Portland's trusted provider of comprehensive restoration services, is raising the bar for emergency response in the region. Specializing in water damage restoration, mold remediation, and biohazard cleanup, PNW Restoration serves Portland and surrounding areas, including Aloha, Canby, Gresham, Hillsboro, Lake Oswego, Oregon City, Tigard, Tualatin, West Linn, and Vancouver, WA. The company is committed to providing quick, reliable service when disaster strikes.

Available 24/7 for emergency situations, PNW Restoration offers rapid response for water damage, mold issues, basement water removal, and microbial contamination. "Our goal is to restore safety and peace of mind for our clients," said a spokesperson for the company. "With IICRC-certified technicians and advanced technology, we not only fix the immediate damage but also address underlying causes to prevent future problems."

PNW Restoration's expertise extends to biohazard cleanup, including hazmat situations, blood and bodily fluid cleanup, and animal waste removal. Every service includes thorough cleaning, disinfection, and restoration to ensure affected areas are fully secure and safe to reoccupy.

Their comprehensive restoration process includes detailed assessments, ongoing communication with clients, and seamless coordination with insurance providers to make the restoration as efficient as possible. With a team of experienced professionals, PNW Restoration is here to guide clients through every step of recovery.
