

Sathyabama Students Visit Malaysia as Part of Their Internship with MIT Square, London

Kuala Lumpur, Malaysia Nov 3, 2024 ([Issuewire.com](https://www.issuewire.com)) - [MIT Square](#), London, organised the Indo-Malaysia Winter Internship 2024, as part of the Student Abroad Programme (SAP), for undergraduate students from the Computer Science and Engineering Department at Sathyabama Institute of Science & Technology, Chennai. The internship is 3 months (Oct-Dec 2024), designed to provide practical exposure and international experience, and offers students unique opportunities to work on real-world projects and connect with industry leaders.

All participating students visited the University of Cyberjaya, Malaysia, for one week in October as part of the Student Abroad Programme (SAP), where they immersed themselves in Malaysia's dynamic research and innovation environment. The Malaysian experience exposure allowed students to gain hands-on experience in advanced fields aligned with their specialisations, helping them build critical skills in AI, AIML, and DS while working on cutting-edge healthcare projects. This experience fostered creativity and critical thinking, preparing students to address real-world problems through innovation.

The students included Anto Jeffrin G, Avinash Murukanandhan, Greavan Babu, Adesh Thomas,

Keerthana S, Jyotsna Rajkumar, Roger Krishna B J, Krithikesh S, Pradosh Ramesh, Kadher Ebrahim, Madesh M, G.Tejakarthik, Nisanth J, Mubasser, Aswin S P, Thennarasu, Jasmine J, Charujayyasre V M, S Sahaya Sherin, Harismitha, Abhilasha Modak, H Hadlins Price, Ranusha Ramesh, Ramani Jayashree G, Shreemaan P, Deepan S V, and Avinash.

In recognition of their dedication and hard work, all 27 students were awarded certificates for successfully completing their first phase of the internship. This accomplishment not only reflects the students' commitment to their fields but also highlights the unique opportunities provided through the Student Abroad Programme. Students are back in India to complete the remaining two phases of the internship.

Dr. Vigneshwari S (HoD), Dr. Sonia Jenifer Rayen, Dr. Kiruthika Devi B S, Ms. Scinthia Clarinda, Ms. Kavitha Duraipandian, and Ms. Shiela David from Sathyabama played a very important role in organising the programme by collaborating with MIT Square, London

Speaking about the program, Dr. Mithileysh Sathiyarayanan, Scientist & CEO at MIT Square, expressed his excitement, saying, "Our goal is to nurture the next generation of innovators by providing them with a platform where they can experiment, learn, and grow. The students from Sathyabama University have demonstrated exceptional skills, and we are delighted to support them in their journey to becoming global tech leaders."

The internship program, a collaboration between Sathyabama and MIT Square, is expected to continue, encouraging more students to gain valuable exposure and become pioneers in their respective fields. This initiative highlights the significance of international internships in shaping students' careers, enhancing their skills, and preparing them for the dynamic demands of a globalised workforce.
