Sprinto Announces Integration with Buy with AWS, Offering Simplified Procurement for AWS Customers

San Francisco, California Dec 5, 2024 (Issuewire.com) - Sprinto, a continuous security and compliance platform, today announced its integration with Buy with AWS, a new feature now available through AWS Marketplace. By implementing Buy with AWS, Sprinto now provides simplified software buying experiences for customers on its website, powered by AWS Marketplace, a digital store that makes it easy for customers to find, buy, deploy, and manage software and services from AWS Partners.

Buy with AWS allows customers to discover and purchase software available in AWS Marketplace from Sprinto's website. By leveraging Buy with AWS, Sprinto now offers its customers the flexibility to explore and procure software solutions using their AWS accounts from Sprinto's website, streamlining the purchasing process and accelerating time-to-value. Post-purchase, customers can manage subscriptions in AWS Marketplace, take advantage of centralized AWS billing, and leverage cost optimization tools.

"As an AWS Marketplace seller, we are excited to introduce Buy with AWS to enhance the customer experience on our website and reach more customers," said Pritesh Vora, VP of Marketing and Partnerships at Sprinto. "This new feature aligns with our commitment to delivering exceptional value by providing a seamless and efficient way for customers to discover and acquire the software solutions they need."

Sprinto has added the Buy with AWS feature to its AWS Partner page. This allows customers to purchase Sprinto's software using their AWS account, providing a convenient and trusted buying experience.

Sprinto's integration with Buy with AWS reinforces its commitment to providing innovative solutions and exceptional customer experiences. By leveraging the robust AWS Marketplace catalog and streamlining the procurement process, Sprinto empowers its customers to make informed decisions and accelerate their digital transformation journeys.

Customers visiting www.sprinto.com can see products that are available for purchase in the AWS Marketplace. Learn more about Buy with AWS by visiting the Buy with AWS webpage.

About Sprinto – Sprinto specializes in automating Information Security Compliances & Privacy Laws for fast-growing SaaS companies. Sprinto helps organizations obtain information security compliance, close enterprise deals faster, and pass vendor security assessments easily.
