Brookings, South Dakota Nov 4, 2024 ([IssueWire.com](https://www.issuewire.com)) - Sunknowledge is proud to announce a new partnership with South Dakota's largest DME provider, to further streamline services for prior authorization. This association will upgrade prior authorization, reduce waiting times, decrease administrative burdens, and better access crucial medical equipment to patients all over the state.

Prior authorization has always been something of a problem for DME providers who have had to deal with very complicated requirements to ensure the facilitation of equipment like oxygen supplies, mobility aids like walkers and more. In short, being a partner of Sunknowledge, South Dakota's largest DME provider receives the services of an experienced team and technology that not only ensures a faster

pace in handling PA workflows, decreases time for processing, but further minimizes denials of claims, ultimately creating a smooth way forward for patient care.

We are excited to be a partner of South Dakota's largest DME provider in working towards addressing the unique PA needs of the DME industry," said Ronnie Hasting, the spokesperson of Sunknowledge Services Inc. "We want to alleviate the administration burden of prior authorization so that DME providers can focus on timely delivery of life-enhancing medical equipment to those who need it most." added Hasting.

Through this partnership of [prior authorization services](#) and Sunknowledge's AI-driven technology, the expert will in fact automate approval workflows, track authorization status in real time, and communicate seamlessly with payers, minimizing the need for manual follow-ups and cutting down on processing times.

The company's approach to prior authorization helps healthcare providers navigate regulatory requirements efficiently, reduce claim denials, and improve revenue cycles, supporting a more sustainable healthcare system.

By handling prior authorizations swiftly and accurately, Sunknowledge also empowers patients who gain timely access to essential healthcare services, whether they are medications, diagnostic tests, or treatments. This patient-centric approach exemplifies Sunknowledge's commitment to creating a more responsive, efficient healthcare system. In fact, the company further takes care of your complete RCM, Virtual medical assistance, customer support and AR to the next level ensuring the highest productivity metrics without compromising on the standard and productivity at a cost effective rate.

With a proven track record in managing prior authorization and RCM services for diverse healthcare specialties – like HME, Cardiology, Fertility, Urgent Care, [DME billing](#) etc., - Sunknowledge Services Inc. continues to drive industry innovation and set new standards for service excellence. The company's focus on reducing administrative friction enhances provider satisfaction, lowers operational costs, and promotes a higher quality of care across the healthcare landscape
