

## Taiwan Metiz Alliance Celebrates 25 Years of Success and Innovation in Tool Manufacturing

Taiwan Metiz Alliance (TMA), a leading ISO 9001:2015-certified manufacturer of high-quality cold heading tooling, warm heading tooling, hot forging tooling, thread rolling, and nut tapping tools, proudly celebrates its 25th anniversary.

**Taipei Hsien, Taiwan Nov 28, 2024 ([Issuewire.com](https://www.issuewire.com))** - Taiwan Metiz Alliance (TMA), a leading ISO 9001:2015-certified manufacturer of high-quality cold heading tooling, warm heading tooling, hot forging tooling, thread rolling, and nut tapping tools, proudly celebrates its 25th anniversary. Founded on

October 25, 1999, TMA has evolved from a small trading company into a trusted global supplier of precision tools for fastener manufacturers, known for unparalleled quality and innovation.

Over the past 25 years, TMA has continuously invested in infrastructure, logistics, digitalization, and advanced quality control to stay competitive in the rapidly evolving tool manufacturing industry. Through a combination of state-of-the-art CNC machinery, vacuum furnaces, EDM machines, high-grade Japanese and European steels, and advanced coating techniques, TMA has established itself as a top choice for reliable, durable tooling solutions.

“We are grateful to our dedicated partners, clients, and suppliers who have been instrumental to our growth and success,” said [CEO/President Mr. Fu Lid]. “As we celebrate this milestone, we are excited to continue innovating and expanding our capabilities to serve a global market.”

TMA’s product lineup includes a comprehensive range of high-quality punches, cutting dies, nut taps, thread-rolling dies, and various carbide and steel tools for cold and hot forming. Each product undergoes rigorous inspection to ensure it meets the highest industry standards for durability and performance, providing exceptional value for clients worldwide.

Looking forward, <https://tooling.tw/> remains committed to pioneering advancements in tooling technology and manufacturing processes, focusing on quality, customer satisfaction, and sustainable growth. The company extends its sincere gratitude to everyone who has supported and contributed to its journey.

Here’s to the next 25 years of success, partnership, and innovation!

**About Taiwan Metiz Alliance:** Taiwan Metiz Alliance (TMA), established in 1999, is a licensed manufacturer of cold and hot forming tools, known worldwide for reliability and exceptional functionality. Our ISO 9001:2015 certification emphasizes our dedication to quality, producing top-grade cold heading, warm heading, hot forging, thread rolling, and nut tapping tools. Each tool is crafted from high-quality Japanese and European steels, coated with advanced materials, and subjected to rigorous inspection. Combining Taiwanese manufacturing expertise, premium materials, advanced equipment, design software, and the latest technology, TMA delivers superior quality at competitive prices.
