

Urgent Call for Donations: Help Ashok Receive Life-Saving Heart Treatment

Support Ashok's Journey to a Healthy Heart through Non-Invasive Treatment

Ketto

Help Ashok Overcome Heart Disease with Life- Saving Non- Invasive Treatment.

Dear Supporters,

Ashok has always been a beacon of positivity and strength in his community, but now he faces a serious challenge—heart disease. To avoid the risks of traditional heart surgery, Ashok's doctors have recommended a non-invasive treatment, which improves heart function without the need for open-heart surgery. However, this life-saving procedure, along with the necessary post-treatment care, therapy, and medication, comes at a cost of Rs. 3,32,000. Ashok's family has gathered as much as they can, but they still need your help. Please consider contributing to help Ashok recover and return to his vibrant, loving life. Every bit of support counts!

GOAL

₹ 3,32,000

  

Chennai, Tamil Nadu Dec 5, 2024 ([IssueWire.com](https://www.issuewire.com)) - Ashok, 46 -year-old a residence of **chennai**, is **in urgent need of financial assistance for life-saving heart treatment**. A fundraising campaign has been launched to **support Ashok's medical expenses, and donations** are desperately needed.

Ashok has been diagnosed with a severe heart condition: **Coronary Artery Disease (CAD)** , including a left main blockage and triple vessel disease with five blockages in total. Requires immediate non-invasive heart treatment to survive. The estimated cost of treatment is ₹ 3,32,000, which is beyond his financial means.

Treatment Details:

Procedure: Chelation Therapy, EECF Therapy and Medication

Hospital: Neomed

Estimated Cost: ₹ 3,32,000
