

Venice Acupuncture & Functional Neurology Offers Neurology-Based Treatments for Complex Health Conditions

Venice, Florida Nov 6, 2024 ([IssueWire.com](https://www.IssueWire.com)) - Venice Acupuncture & Functional Neurology, led by Dr. John J. Gorsuch, DACM, is offering advanced treatments for individuals suffering from a variety of **neurological disorders** and chronic health conditions. By combining the ancient healing practice of **acupuncture** with **functional neurology**, Dr. Gorsuch provides a comprehensive, holistic approach to wellness, giving patients new hope for recovery from complex and hard-to-treat ailments.

Dr. Gorsuch, with over 20 years of experience, is the only doctor of acupuncture in the State of Florida to complete the **clinical neuroscience program** from the **Carrick Institute of Clinical Neuroscience and Rehabilitation**. This specialized training allows him to effectively target **neurological conditions**, including **Covid-19 Long Haulers Syndrome**, **concussions**, **traumatic brain injury**, **Parkinson's disease**, **Bell's Palsy**, and **vestibular disorders**. By assessing the deficiencies in the nervous system and dysfunction in certain regions of the brain, the clinic uses **acupuncture** to neuro-modulate these areas, providing relief from symptoms that conventional medical treatments may struggle to alleviate.

"At **Venice Acupuncture & Functional Neurology**, our approach is tailored to each patient," explains Dr. Gorsuch. "We combine functional neurology assessments with the ancient principles of Chinese medicine to treat the root causes of neurological dysfunction. This not only helps relieve symptoms but improves overall well-being."

In addition to neurological care, the clinic also offers treatments for a variety of other conditions such as **shoulder and knee pain**, **carpal tunnel syndrome**, **tinnitus**, **hypertension**, and **leg edema**. Patients suffering from chronic pain, **migraines**, **insomnia**, **anxiety**, and **digestive issues** such as **IBS** and **constipation** also benefit from the clinic's innovative acupuncture techniques.

Dr. Gorsuch's extensive background in **electro-acupuncture** and **Chinese herbal medicine** allows him to offer highly specialized treatments that stimulate the body's natural healing processes. His goal is to foster a partnership with his patients, helping them understand how acupuncture works and guiding them to a quicker path to restoring health.

Venice Acupuncture & Functional Neurology is now accepting new patients. For more information on the clinic's services or to schedule an appointment, visit <https://www.neurological-acupuncture.com>.
