

Breaking News! Brigitte O'Michaels LLC Obtains WBENC Certification, October 18, 2024

Tacoma, Washington Jan 9, 2025 ([Issuewire.com](https://www.issuewire.com)) - BRIGITTE O'MICHAELS LLC, PUYALLUP, WASHINGTON STATE—October 18, 2024—**Breaking new ground in professional development and leadership excellence, BRIGITTE O'MICHAELS LLC has secured the prestigious Women's Business Enterprise certification from WBENC Pacific, marking a significant milestone in the company's mission to transform organizational leadership across America.

The internationally recognized firm, known for its groundbreaking work in leadership development and professional management services, joins an elite network of certified women-owned businesses. This certification, widely regarded as the gold standard in the United States, validates Brigitte O'Michaels LLC's position as a trailblazer in workforce excellence solutions.

"Receiving WBENC certification represents a significant milestone in our mission to empower diverse leadership across organizations," said Brigitte O'Michaels, Founder and CEO of Brigitte O'Michaels LLC. "As a woman business owner with over a decade of international experience across three

continents, I understand firsthand the importance of diverse perspectives in driving innovation and growth. This certification not only validates our commitment to excellence but also enhances our ability to create meaningful impact through our leadership development programs, particularly in supporting other women-owned businesses and diverse leaders."

The WBENC standard of certification implemented by the WBENC Pacific is a meticulous process, including an in-depth review of the business and a site inspection. The certification process is designed to confirm the business is at least 51% owned, operated, and controlled by a woman or women, and that the business has appropriate structure and strategic business planning and implementation in place.

By including women-owned businesses among their suppliers, corporations and government agencies demonstrate their commitment to fostering diversity and the continued development of their supplier diversity programs, which in turn empowers women as leaders and brings about a more diverse, balanced and sustainable economy.

WBENC Certification combined with professional development and engagement in the WBENC network provides unsurpassed opportunities year-round, both virtually and in-person, for women-owned businesses to grow and expand their business and innovation through events, programming and connections with major corporations and other WBEs.

The certification comes at a pivotal time as corporations increasingly seek diverse suppliers and fresh perspectives in leadership development. Already distinguished by federal WOSB, DBE, and MBE certifications, Brigitte O'Michaels LLC brings a unique cross-cultural approach to leadership training, drawing from extensive experience in banking, government, and NGO sectors worldwide.
