

DMV Photo Booth Rental Company Launches New Service For Local Sports Bars

Accokeek, Maryland Dec 4, 2024 ([IssueWire.com](https://www.issuewire.com)) - In response to the rising trend of interactive experiences in sports bars, [Elite360 Photo Booths](#) is thrilled to announce the launch of **BarTime Photo Booths**, a revolutionary photo booth rental service that merges entertainment and customer engagement with potent branding opportunities. Sports bars can now offer their customers an unforgettable interactive experience while amplifying their marketing reach on social media.

The official launch date for BarTime Photo Booths is January 15, 2025.

[BarTime Photo Booths](#) brings the excitement of a selfie photo booth experience to sports bars, delivering sleek, modern booths that capture high-quality photos, videos, and GIFs. Each session is enhanced with customizable branded overlays that include the bar's logo, event details, or special promotions, ensuring every snapshot doubles as a marketing tool.

"At BarTime Photo Booths, we understand how important it is for sports bars to stand out in a competitive market," said Marty Sutton, founder of Elite360 Photo Booths. "We've tailored our services to help these venues create lasting memories for their guests while driving brand visibility and customer loyalty."

To celebrate the launch, **BarTime Photo Booths is offering a free demo** (a \$800 value) for local sports bar owners and managers. This free opportunity lets bars see for themselves how BarTime Photo Booths can make their venue more fun, help with their marketing, and improve the experience for their customers.

BarTime Photo Booths provides an engaging entertainment solution and serves as an effective marketing tool. Each photo or video taken in the booth includes a branded overlay that keeps the bar's name top-of-mind long after the event ends. The service also offers the ability to collect customer information during photo sessions, providing valuable data for future promotions and loyalty campaigns.

For bars looking to take their marketing strategy to the next level, the addition of a photo booth rental adds a cutting-edge, dynamic element that captures moments from every angle. This immersive experience elevates guest interaction and creates unique, shareable content that resonates on social media.

"Whether it's a one-time event or an ongoing strategy, our photo booth rental services are designed to help sports bars thrive," Sutton said. "With BarTime Photo Booths, every photo tells a story—and every story strengthens your brand."

Elite360 Photo Booths, based in Waldorf, Maryland, is a premier provider of photo booth rental services for events ranging from weddings and private parties to corporate gatherings and now sports bars. Renowned for its innovation and exceptional customer service, the company offers cutting-edge solutions like BarTime Photo Booths and 360 photo booth rental experiences tailored to its clients' needs.
