

Electrifying and Rare Tunes of ‘Snow Dreams’ Crafted by Mud Audio Voodoo

The great artist’s project Mud Audio Voodoo has not just found a way to create brilliant music with cheap resources but also has gifted his fans with ‘Snow Dreams’.

Anгри, Campania Dec 28, 2024 ([IssueWire.com](https://www.issuewire.com)) - Hailing from Italy, the magnificent creator of the **Mud Audio Voodoo** project over a decade ago discovered his passion for music and the difficulties the musicians faced with the economic crisis. This led to the birth of the project in 2015 and since then, this extremely talented [Italy based musician and producer](#) has been gifting the world with some of the

most enticing and rare mixes. Although he has only been in the music industry for a decade the project has gained quite a fan following on major music streaming platforms. Recently he has produced and released another track that has been making his fans fall in love with his crafts once again and the track is called '**Snow Dreams**'.

Just around Christmas, the **Mud Audio Voodoo** project published their new track '**Snow Dreams**' the title of which is something that goes very well with the holiday and winter season. The exuberating and smooth soundscape accompanied by eccentric verses and tunes along with a soul-capturing rhythm is all created through various free and low-cost software the artist could manage to get his hands on. What started as a way to deal with necessity turned into some of the most interesting melodious tunes the world has ever heard. Apart from the new track, this **Italy based musician and producer** has composed and produced his first songs which were distributed by The Orchard Enterprises NY.Inc. in the digital world.

To celebrate their birthday on 2nd April, they released a single called '**Old Man**'. The other songs like '**A Dim Light**', '**Red Light**', and '**Nataraja**' on SoundCloud are also mind-blowing. The track '**Away from This**' ranked 12th position on the European indie chart. On June 8, 2024, Mud Audio Voodoo released '**Buzz Light**' that includes 4 songs and each expresses the vision of this project. Within just ten years or so, this artist has created quite a loyal fan base on the major audio and video streaming platforms - **SoundCloud**, Spotify, and YouTube. To get new updates and information about upcoming tracks, fans can visit his social media profiles on [Facebook](#), [Instagram](#), Jango, and [X](#).
