Clients who have experienced the transformative power of Embrace Skin Clinic’s services are eager to share their stories:

“I recently saw Dr. Weinberg at Embrace Skin Clinic and had an awesome experience. She actually listened to everything I had to say and really cared about my questions and concerns. I came in for one specific issue, but she took the time to address a few other things too, which she definitely could have asked me to make another appointment for. Instead, she was happy to handle everything in one go. I never felt rushed, and she valued my time. Highly recommend Dr. Weinberg for anyone looking for a caring and attentive dermatologist. Five stars!” – Robert Borgersen

“Love the clinic! I will absolutely be back —Candis is so knowledgeable about everything skin and makes you so comfortable for cosmetic treatments.

Dr. Weinberg is also great and really cares about her patients and is always on time!” – Naomi Kirshenblatt
